New York Times Bestselling AuthorVon Caro T.Leider mitVersptung verffentlicht, aber wieder ein sehr spannendes und auch lehrreiches Buch Robin Cooks mit viel zu frhem Ende. Die 400 Seiten waren schnell gelesen, ab jetzt muss man wieder auf das nchste Buch gespannt sein....;-)0 von 0 Kunden fanden die folgende Rezension hilfreich. Not the usual

!Von nonaWell written.. BUT BUT very slow going. Page after page of medical description. No story. Too many unexplained medical terms. Was glad when I finally was able to finish it. !!0 von 0 Kunden fanden die folgende Rezension hilfreich. Host von Robin CookVon Margot Quednauhabe das Buch erhalten aber noch nicht gelesen, scheint aber zu sein wie beschrieben. Preis super, Service super. Immer wieder gerne

KurzbeschreibungThe explosive new thriller from New York Times-bestselling author and master of the medical thriller, Robin Cook, takes readers back to where the genre began, and the questions posed in *Coma*: what happens when innocent hospital patients are used as medical 'incubators' against their will?Lynn Peirce, a fourth-year medical student at Mason-Dixon University, thinks she has her life figured out. But when her otherwise healthy boyfriend, Carl, is admitted to hospital for routine surgery, Lynn is devastated byhis sudden death.Convicted there's more to the story than the authorities are willing to reveal, Lynn searches for evidence of medical malpractice with the help of her lab partner, Michael. What she uncovers, however, is far moredisturbing. Hospitals associated with Middleton Healthcare, including the one attached to the university, have unnervingly high rates of unexplained complications and patients contracting serious and terminal illnesses following routine surgery.When Lynn and Michael begin to receive death threats, they realize they must discover the truth, before the shadowy forces behind Middleton Healthcare can put a stop to their efforts once and for all.**Pressestimmen**SpellbindingHost is Robin Cook at his very best.**Suspense Magazine**EngrossingCook does a good job of making the medicine intelligible.**Publishers Weekly**A witch's brew of weird science and unbridled greed, Cook's newest medical thriller will boost the blood pressure of anyone facing hospitalization.**Kirkus**Brutally intenseA medical thriller cannot get any better than Host.**Associated Press**Werbetext'The master of the medical thriller' New York Times
