Von Wendy Wax : Hostile Makeover before purchasing it in order to gage whether or not it would be worth my time, and all praised Hostile Makeover:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Ahh,

yessss, if you like a funny fairy tale Von HappyFace If you want a laugh-out loud and funny read that will keep you glued to the pages - read this! It is great for the holiday travelling season when you're stuck in trains, planes or whatever means it takes to get you where you want to be this season. When reading this, time will just fly and you'll be home in no time! Wendy Wax at her best!

Kurzbeschreibung It was the first orgasm Shelley Schwartz ever faked. She swore shed never do it, but she was late for a career-saving meeting at Schwartz and Associates and her options were limited. If shed faked it five minutes sooner, she might have earned her fathers approval, won the account, and bested her rival and the company golden boy, Ross Morgan. Calm, cool, and always collected, Ross is the perfect person to take over the ad agency her father founded and the perfect opposite of Shelley, whos distracted by her mothers relentless matchmaking and her big sisters marital meltdown. Is it any wonder her father has entrusted the agency to the blond, Porsche-driving Ross rather than his own flesh and blood? To add insult to injury, Rossher new bosshas stuck Shelley with the client list from hell (Falafel Hut, anyone?). But if he thinks hes going to chase Shelley Schwartz out of her family legacy, hes got another thing coming. And if Shelley thinks she can resist Rosss charms, shes got some surprises in store as well. From the Paperback edition. From Booklist As Wax's latest lively tale begins, it's hard to believe that anyone likes Shelly; the reader certainly doesn't. The quintessential Jewish Princess with a job in name only in her father's advertising agency, she lunches and shops more than works, but deep down she is unhappy with her lack of real involvement. When her father suffers a heart attack and turns his business over to a hated rival who actually expects her to work for her paycheck, Shelly is transformed. Assigned to low-end accounts like a tire store and Falafel Shack, instead of having a tantrum, she channels her anger, comes to work on time, and puts in a creative effort with profitable results. There are a few bumps along the way, but as she improves her life, she helps bring meaning to her sister's life, too, and romance to her best friend. A bit predictable and slightly oversexed, this will nonetheless provide lightweight fun for Wax's fans and other chick-lit and hip romance enthusiasts.
