Entertaining contemporary romanceVon Ein KundeStockbroker Lee Phillips tries to persuade her best friend Trevor Templeton that they should share sex together. Lee explains that they are contented in their lives and have everything except a significant other. She points out that they both enjoy sex, but neither one is scoring. She wonders "why they aren't having sex"? Sick of lousy relationships, she proposes that they share a bed until one finds a meaningful partner.After a "Kafka"-like shock, Trevor considers what she offers him. He has fantasized making love with Lee ever since they met at college. However, he never followed up on his desires because he feared the cost to their friendship. Though they love each other, neither one realizes that they LOVE each other and how much their

relationship will change forever if he agrees to her wacky plan. **HOT AND BOTHERED** is an amusing romance that centers on the role of friendship in a loving relationship. The lead characters are a dynamic duo and their four other close friends add to the plot. Though readers will question the closeness of the six several years after college and other relationships forged, the audience will still enjoy the humorous but poignant drama. Jo Leigh needs to close the loop with Susan's story soon. 0 von 0 Kunden fanden die folgende Rezension hilfreich. **LOVED IT !!!** Von Stephanie Back
Cover Copy: **SHE WAS BOTHERED**...Stockbroker Lee Phillips figured she had it all. Great job, gorgeous home, okay body. Hmm, two cats for company and far too many nights sleeping alone. Where was Mr. Right in this picture? Closer than she realized. Her best pal, Trevor Templeton, was **VERY** appealing. Almost lovable... **HE WAS HOT**...Trevor thought he had it all, too. Great job, bachelor loft, hard body...and no cats. But to his amazement his best buddy, Lee, wanted to, uh, get naked with him. Correction: make love with him. No, it was too awkward, too tempting...and what if it was too good? What about their friendship then? And what if **ONE** of them fell in love...? I am soo glad I bought that book. Definitely a keeper!!! Don't miss it!!! It certainly will be one of my all time favorites. I couldn't stop turning the pages until the very last word and the pages turned almost by themselves. You won't be able to put this book down once you get started with page one. It's a fast read filled with great dialogue, hilarious situations and compelling characters. Lee and Trevor had me laugh out loud several times, it is so hilarious. The way she tries to persuade him and the way he reacts to it, is incredibly funny. And since she shared her crazy plan with him, all of a sudden there is a constant sexual tension between them and his brain was barely capable thinking about anything else. This book is definitely out of the ordinary. I even liked all the other characters in this book which I usually hardly do. Jo Leigh knows how to capture the readers attention and refuses to let it go. This is not a book easily put down nor forgotten once finished. Jo Leigh has all my admiration and respect for having the talent to write something so funny and which such intuitional grasp. It is a pure pleasure to read! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Somewhat Hot Bothered...at least until the end Von Ein Kunde This was an enjoyable read. I liked the characters and their backgrounds. I understood their feelings and liked their friends. But this was supposed to be a Blaze. I didn't think it was that hot. And the ending felt a bit rushed to me. I wanted to know more about what happened after they committed. It all seemed quick. But she did a good job at a realistic dilemma of having the hots for a friend. Overall something I'd recommend.
