Von Cherry Adair : Hot Ice: A Novel (T-FLAC Psi Unit: Night Trilogy) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hot Ice: A Novel (T-FLAC Psi Unit: Night Trilogy):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. 4.5 Stars!Von Detra FitchTaylor Kincaid is a jewel thief, the best in the business. She has been after the famous Blue Star diamonds for a short while now. The man who "acquired" them for his wife is supposed to currently have them at his terrorist compound in South Africa, within a special safe that could not be cracked. Taylor does not find the diamonds.

By the time she is in the "uncrackable" safe they are gone. However, she takes everything else. She has no clue that she inadvertently pockets valuable disks filled with security codes. Huntington "Hunt" St. John is a top T-FLAC operative. He and his team specialize in counter terrorism. They desperately need the disks Taylor stole from Jos Morales's safe. They also need her expertise. Morales is the head of "Mano del Dios". For many years he has prepared for a special event. One he believes God has chosen him for. Friday, October thirteenth, is D-day unless Hunt and his team can stop him. First they must capture Taylor, then "convince" her to help. Morales has a nuclear missile ready. In order for the team to reach it and deactivate it, they must live through seven levels of deadly traps. Without Taylor's cooperation, it is impossible. With it, the chances of success are still slim, but it is better than nothing. If they fail, millions will die.***** There is not really much romance at all in this Romantic Suspense. The two main characters are attracted to each other, but by the end of the story I, as the reader, did not feel that they could possibly be in true love. Most of the novel is dedicated to capturing Taylor and convincing her to help. The author did an excellent job on that, as well as, on the seven levels. Fans of the games or movies in the "Tomb Raider" series will be enthralled! Highly recommended. *****Reviewed by Detra Fitch of Huntress Reviews.2 von 2 Kunden fanden die folgende Rezension hilfreich. Band 7 der T-Flac-Reihe - Haarstrubendes Agentenabenteuer, das hinter seinen Vorgängern zurücksteht Von LoveLetter Magazin Huntington St. John ist auf einer heiklen Mission. Er muss Geheimpläne eines fanatischen christlichen Terroristen in Südamerika an sich bringen. Die Profieinbrecherin, die er eigentlich für diesen diffizilen Fall rekrutieren wollte, kommt ihm zuvor. Taylor Kincaid ist eine begnadete Safeknackerin und Diamantendiebin. Diesmal geht aber etwas schief und sie landet im Gefängnis. Hunt befreit sie nur deshalb, weil sie vorher neben den Juwelen auch die Disketten rauben konnte. Doch Taylor kann Hunt entkommen. Der verfolgt sie über den halben Erdball, um doch noch an die wichtigen Unterlagen zu gelangen. Nur so kann er mit seinen Kollegen einen verheerenden Anschlag verhindern. Nach Durchsicht der Informationen wird klar, dass Taylors besondere Talente dafür unabdingbar sind. Das gefällt Hunt nicht, denn er ist inzwischen verliebt und will Taylor beschützen. Es geht wieder haarstrubend zu im Adair-Universum. Auch in Band 7 der T-Flac-Reihe muss die Menschheit vor Schrecklichem bewahrt werden. Diesmal ist der Bse - ganz politisch korrekt - zur Abwechslung kein Russe oder Araber, sondern ein Katholik, der meint, die Welt mit einer Bombe von allem Schmutz reinigen zu müssen. Die private Eingreiftruppe will dem selbstverständlich nicht tatenlos zusehen, sondern mobilisiert alle Kräfte, um die Katastrophe zu verhindern. Der Roman setzt wieder auf viel Action, bei der man aber besonders beim bombastischen Finale, das Dantes Inferno nachgebildet ist, nicht mehr wirklich durchblickt bzw. sich das, was die Autorin zu beschreiben versucht, nicht plastisch vorstellen kann. Ziemlich enttäuschend, weil unüberzeugend, ist die Liebesgeschichte, die eigentlich peppig anfängt. Deshalb steht dieses Agentenabenteuer deutlich hinter seinen Vorgängern zurück. He takes her to a safe place and demands she provide him with the codes that along with diamonds she stole from Morales. She denies taking any codes and wonders if Hunt works for Theresa Smallwood whose deal she earlier rejected.---Though attracted to Taylor or whatever her name is as she has used a lot of aliases over the years, Hunt knows the codes are critical if he is to stop Morales and the Mano del Dios terrorists from causing a nasty incident in sixty days. Smallwood wants her too, but unlike Hunt who tries to avoid collateral damage, she and her top spy group do not care who dies as long as their cause is further served. Then there is Morales who wants Taylor back because no one escapes his wrath of God mentality.---HOT ICE is an action packed thriller that contains a strong cast who meet at Taylor, the focus of frenzied activity. Taylor is the key to the tale and she holds up well though her shadowy successful cat burglary profession seems to have failed her with Morales, Smallwood, and St. John. The attraction between Hunt and Taylor enhances the overall suspense as that is just one more thing out of control for the heroine. Cherry Adair writes a strong thriller that grips the reader from start to finish wondering who will come on top in an exciting antiterrorist espionage encounter.

Kurzbeschreibung Award-winning author Cherry Adair broke thrilling new ground with On Thin Ice her stunning romantic suspense hardcover debut. Now Cherrys turning up the temperature, amping up the action, and raising the degree of danger and desire to irresistibly hot new heights. Diamonds jewels of every kind, in fact are Taylor Kincaids best friends. The only thing she enjoys more is the challenge of stealing them, at which she excels like few others in the world. And specializing in plundering precious stones from wealthy international criminals just makes it all the more satisfying . . . and dangerously exciting. So for Taylor, theres no resisting the double allure of snatching the elusive Blue Star diamonds a prize she has pursued across three continents from the South American stronghold of the murderous Morales terrorist organization. The heist goes down without a hitch. Until Taylor discovers she has made off with more than she bargained for, namely the secret security-system codes that provide access to a South African diamond mine packed with enough gems to sink a battleship. Suddenly, Taylors no longer just an ultrachic freelance

jewel thief, but a reluctant player in a high-stakes cat-and-mouse game against elite global trouble-shooters and bloodthirsty terrorists. There's nothing reluctant, however, about Huntington St. John, the top T-FLAC operative who's hot on Taylor's trail. And in Taylor's opinion, just plain hot. The feeling, emotional and otherwise, is very mutual. Though they're on opposite sides of the law, Hunt and Taylor swiftly come to appreciate each other's well-honed skills. But since ecstasy is fleeting, and diamonds are forever, Taylor soon slips from the sheets and hits the streets . . . to reclaim the jewels she stashed overseas. And true to his name, Hunt is close behind—but this time, he's after more than the codes. With the clock ticking, and two groups of terrorists closing fast, they'll have to mix pleasure with some very risky business. If they can survive danger at every turn, outwit the ultimate high-tech security system, and somehow conquer each other . . . they just might get everything they desire.

From the Hardcover edition.

From Booklist: Huntington "Hunt" St. John needs a thief. Preferably a resourceful, cunning, totally unscrupulous thief capable of breaking into religious-zealot and terrorist Jose Morales' San Cristobel home and stealing a set of computer disks. Hunt, an operative with the privately funded, freelance antiterrorist organization T-FLAC, quickly discovers that jewel-thief Taylor Kincaid is the woman he wants, but before he can secure her services, Taylor does the job on her own. But after she is arrested mere hours later by the San Cristobel police, Hunt sees an opportunity for a deal. Taylor pretends she has no idea what Hunt is talking about until an encounter with a group of lethal terrorists out for the same disks convinces her that she'd be better off trusting the enigmatic and sexy Hunt. Adair continues her wonderfully addictive series featuring the sexy men of T-FLAC with this fast-paced and intricately plotted tale of danger, deception, and desire that is perfect for readers who like their romantic suspense adrenaline-rich and sizzingly sexy.
