girls and bad boys Von Bill Swanson Hot Mines is a steamy story between a "bad boy" and a "good girl" who represent two different ways to live a relationship between a man and a woman. One will surely have to surrender to the other. This is the first of three books but hasn't any cliffhanger and can be read as a stand-alone story. Yet, I want to know more and I'm looking forward to get the second as soon as it is published!

Kurzbeschreibung Men like this didnt really exist. Amber knew she was suffering jet lag and exhaustion. But she glanced back up at the incredible specimen of man only to have her worst suspicions confirmed. Men built like Greek gods really did exist but would never belong to her. Amber is a good girl. When she meets Kyle for the first time, she cannot help thinking he's the most perfect man she has even seen. But he is way too good-looking, much too charming, and way out of her league. Good girls love bad boys. But bad boys don't like good girls. Or do they? Intended for mature audiences, this is the first part of a 3-book series, but it can be read as a stand-alone story
