Von Susanne O'Leary : Hot Property (The Kerry Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hot Property (The Kerry Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Hot PropertyVon Connie McElfreshI received this book as a gift from the author. I enjoyed this book so much it is about a young woman named Megan who is left an old house by an uncle whom she met as a child. And as with most old homes she is trying. to fix it up to live in but it takes money and everytime it seems someone is trying to buy her

property and when that does not happen things start happening the twist in this book is not one that I expected. The descriptions that this author uses made me feel look like I was right there. I really enjoyed the characters in this book. If you enjoy chick lit you will not be disappointed. I will definitely be looking for more by this author.

KurzbeschreibungWhen Megan O'Farrell inherits her uncles house in a remote part of the windswept Atlantic coast of Ireland, she imagines it will be a romantic hideaway where she can recover from her recent divorce. But the house is a wreck that requires a fortune to restore, and she decides to sell it. An easy choice, were it not for the discovery of an old family scandal and a budding love affair with both the beautiful landscape and a handsome Kerryman. Catapulted into country life and faced with the less romantic side of farming, she also has to deal with a conspiracy to make her leave. While not explicit, this story contains some sex scenes and a few swear words.
