top of my James Lear THE BEST LIST. And I put it always aside, because of reserved reviews!..What a shame! You see, trust only your own taste. Even with your best reading buddies you can disagree. Sometimes.I don't know how the author managed to write so many HOT AND DIRTY sex scenes in such perfect harmony with such a serious topic! Hats off! Love every single minute of it. For me it is the most serious and romantic book from all James Lear works, with an outstanding and compelling storyline.
