INTRODUCE YOURSELF TO BUKOWSKI
Von ExpatAs an ardent fan of Bukowski and Henry Chinaski, this by far is my favorite book by Buk. If you haven't read any Bukowski but always wanted to, this is perhaps a great place to start. It's a series of short stories that give you a taste for Buk's writing. You'll either love him or hate him. There's no

in between. But if you love this book, then you can look forward to many other fictional pieces by Buk that will delight you. Either that or after about three chapters you will want to go out and get drunk, or get laid! Enjoy! Buk is a God!

Every Tale Unexpected Von Steven J Hoadley I recently saw the movie barfly and I was totally entertained and wanted to know more about the person behind the script, hence, Charles Bukowski. His writing is rapid fire and from the gut. I have a tape of his from when he gave a poetry reading and you can tell he talks like he writes. Truly a significant talent. I am now reading one Bukowski after another.

Another favorite of short stories is "Tales of a dirty old man". There are some stories I have read from him that STILL have me laughing at just the thought of them, 3 months after reading them. He is the underground genius of American literature.

If you have, then stories in this book offer you nothing new or surprising. Just a bunch of raw, tender and life-like stories, all written with simple, well working sentences. Reading these stories always provides me great pleasure and I enjoy the possibility to read heavyweight things in easy way, without having to battle your way through a jungle of words that actually mean something else than they are saying. I'm not much of a friend of useless playing around with artistic styles of literature. (Or something like that...) However, if you HAVEN'T read B. yet, then I recommend you to do it. See, if this writing makes any sense to you and if you like the things I am explaining, then you probably LIKE READING THIS BOOK! However, this is by no means, the best thing, that Bukowski has written. But still it is better than most books and/or stories nowadays.

Kurzbeschreibung With his characteristic raw and minimalist style, Charles Bukowski takes us on a walk through his side of town in Hot Water Music. He gives us little vignettes of depravity and lasciviousness, bite sized pieces of what is both beautiful and grotesque. The stories in Hot Water Music dash around the worst parts of town a motel room stinking of sick, a decrepit apartment housing a perpetually arguing couple, a bar tended by a skeleton and depict the darkest parts of human existence. Bukowski talks simply and profoundly about the underbelly of the working class without raising judgement. In the way he writes about sex, relationships, writing, and inebriation, Bukowski sets the bar for irreverent art his work inhabits the basest part of the mind and the most extreme absurdity of the everyday.

Synopsis Stories deal with human sexuality, grief, the relationship between men and women, writers, death, drifters, and family relations.
