Von Cynthia Eden : Hotter After Midnight (Midnight Trilogy) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hotter After Midnight (Midnight Trilogy):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Monster Doctor meets MonsterVon Helen HancoxDr Emily Drake is a rather unusual therapist. She's know amongst those of a

supernatural nature as the 'Monster Doctor' as, despite being human, she is able to identify the Other, supernatural beings, through her psychic skills. When someone is murdered she's called to help the police as a kind of profiler - and the detective who comes to collect her is a shifter. Emily's always been wary of shifters because of their unpredictability but she finds herself strangely drawn to Detective Colin Gyth. When they find themselves working together to try to prevent a serial killer from attacking more women, both learning more about each other's skills and histories, they find an unexpected attraction between human and shifter. Cynthia Eden's writing style is generally good and this book started in a particularly engaging way, with a vampire who is afraid of blood. Her characters were good including an interesting Medical Examiner, Colin Gyth's partner and an evil demon. Her hero is a real Alpha male and her heroine has her own feistiness and bravery. One odd thing was that the title, "Hotter After Midnight", seems entirely unrelated to the content of the book. The story was well plotted with the identity of the serial killer not particularly obvious and the cast of scary creatures added to the story. The sex scenes seemed at times rather spurious and unnecessary, as if they have been included because that's what this kind of book needs, rather than being central to the plot, but the overall book was an enjoyable read. Originally published for Curled Up With A Good Book Helen Hancox 2008 1 von 3 Kunden fanden die folgende Rezension hilfreich. a quite good read Von Bella I liked this book very much. The story is entertaining with strong characters and a "wow" Alpha-Male.

Kurzbeschreibung A Seductive Nighttime World. . . Dr. Emily Drake's psychotherapy patients tend to be a little unusual. Instead of midlife crises and mother fixations, Emily treats vampires with blood phobias and sex-demons looking for meaningful relationships. But healing these powerful beings requires an important rule: Never trust a shifter. Especially not one like Detective Colin Gyth, whose gold-flecked eyes and predatory air make Emily realize how much she longs to lose control. . . A Dark And Dangerous Hunger. . . Colin can't believe the doctor he has to work with on the Night Butcher murder case is the one person who could expose his true identity as a wolf shifter. Smart and sexy, Emily brings out the alpha male in Colin, unleashing a wild desire that takes them both over the edge. . . . But in the shadows, the Night Butcher waits, eager to spill Emily's blood and taste her terror. And he'll use any means to destroy her, including the one person she has grown to trust. . . "Highly sensual and definitely dangerous." -- Shannon McKenna "A cross between CSI and Medium, only hotter and with a hero that truly has bite!" -- Jacquelyn Frank Pressestimmen "Cynthia Eden delivers a sexy and suspenseful new paranormal novel that is "a cross between CSI and Medium, only hotter and with a hero that truly has bite!"
