**Von Derrolyn Anderson : The Athena Effect (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Athena Effect (English Edition):

I liked it more than just 3 stars but then again it was not amazing, but it deserves 4 stars.The beginning was amazing! I was surprised with every chapter and nothing turned out as I thought it would - and that was a really good thing :). Every chapter had a title which was

connected to the story but it still left you wondering what will happen, how will it happen and to whom will it happen. I just loved the Cal-Cal relationship. The way Calvin fell in love with Cal was so sweet and I was like ahhh. Further I liked how Jarod told his brother that Cal is a keeper and how he tried to do his best to raise his brother. I was a little bit confused in the beginning because I didn't know who was thinking what, but when I got used to it it was great to know what others were thinking and not only the main character. Till that point I would have instantly given 5 stars to the book but then it all changed. I don't know why but I started to get really irritated by Calvin. He was acting like a little boy and was like: Stay with me in my bed and you will be safe. And then there was the Professor who was so dumb. You don't let your prisoner talk with someone without listening to that conversation... He lost everything too easy. I am also a little bit sad that the Athena effect was more like a side story to the love life of Cal-Cal than the center of it, but I hope that the second book will bring more facts to it. One more thing that I didn't like that much was the cover. It is beautiful I can't deny it, but because of the cover I knew what was wrong with Cal and it would've been nice if that was a surprise but it was not. But all in all I enjoyed reading this book and I will definitely read the second one

Kurzbeschreibung Caledonia has been kept a secret her entire life, raised in isolation by two very troubled people. Despite her parents' disturbing fits, Cal is perfectly content, living at one with the nature that surrounds her, and finding adventure inside the pages of her beloved books. When an awful tragedy tears her away from her remote cabin in the woods, nothing she's ever read has prepared her for a world that she knows very little about. Girls and motorcycles are what bad-boy Calvin's life is all about. Brought up in a raucous party house by his biker brother, he's free to do as he pleases, going through the motions on his final days of high school. Aimless, Cal stopped thinking about his future a long time ago. Attacked by a gang of thugs while running an errand for his brother, Cal is in serious trouble until a fierce girl appears out of nowhere to intervene. She chases off three grown men, sparing Cal a brutal beating before disappearing into the night like a spirit. He can't stop thinking about his mysterious rescuer, and when she turns out to be the weird new girl at school who goes out of her way to avoid him, he can't contain his curiosity. He's never met anyone like her before, and the more he learns about the unusual girl who shares his nickname, the more he wants to know. Can Cal help falling for her, but can he keep her from falling victim to a dangerous enemy from her parents' tragic past?
