OkayVon Ein KundeWhen I first started reading it I thought it was pretty good, but then I just wanted to give John Sterling a good swift kick in the butt... and Priscilla Johnson too for putting up with him. The biggest problem with DP

books: the men always seem to treat the women terribly and the women take it... when they should get a little pride and self-respect and deck him or leave him. I guess there wouldn't be a story if there wasn't angst, but four or five years of it? All because a stupid man couldn't admit he was bankrupt? He treats her badly and then SHE feels guilty?! It was totally unbelievable that neither one of them met or got involved with anyone else in all that time. And why do all the women remain virgins just waiting for the man of their dreams (who's been around the block more than a few times) to notice them? Somewhere along the line wouldn't she be the slightest bit attracted to another man? Preferably one who treated her better... If you like Diana Palmer books read it, but they're all beginning to sound alike to me. That said, I love Diana Palmer books and have read every one I've gotten my hands on... but that doesn't mean I don't have complaints about them. Just once I'd like to read one that didn't have a domineering, prideful, chauvinistic pig rescuing(?) a simple-minded, long-suffering, virginal idiot.

KurzbeschreibungFor two years Pricilla Johnson watched John Sterling manage his cattle station, and at the tender age of eighteen she innocently surrendered her young heart to him. He was big, brash, brazen and Australian. Everyone called it infatuation, Priss knew it was love. But Pricilla had to move on with her life. Four years of college in Hawaii provided the time and distance to transform a naive girl into a desirable, mature woman. Returning to Australia as a certified teacher, she was ready to put John to the test. And ready or not, he was about to learn a lesson he would never forget.
