Von K.E. Ganshert : The Awakening (The Gifting Series Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Awakening (The Gifting Series Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. and it gets better and betterVon lizzyThis series is an absolut gem. buy it and forget the world around youAmong the best Fantasy Dystopy Paranormal series i have ever read.i starts a bit slow but then it gets momentum and gets faster and

faster and it gets exciting and thrilling. I read all 3 books in 3 days. The characters are well developed with flaws and weaknesses and strength, a healthy dose of romantic but not too much. The heroine is sometimes lovable, sometimes annoying, and stubborn. I will not reveal the story, I have not yet read anything similar, for me it was new and refreshing and disturbing. All 3 books are out, so the cliffhangers do not matter. When it is over I was not ready to leave my new "friends." What a great series, this author for me is an auto-buy.

Kurzbeschreibung "I can't go home. It's not safe. Nowhere is." Tess Eckhart isn't crazy. She's not suffering from psychosis. She and Luka Williams are part of The Gifting. Before they can find out what that means, the man with all the answers turns up dead. The only thing he left behind? A few patient files that lead to the nation's most lawless city. With authorities chasing them, Luka and Tess escape into the very heart of peril and against all odds, find an underground community of people just like them. They aren't gathered together for the sole purpose of survival, either. They have a plan and a purpose to awaken as many people with The Gifting as possible. It's dangerous and deadly work. Tess wants to help. Luka is desperate to keep her safe a task that proves increasingly difficult as Tess's gifting comes to light. Is Tess Eckhart the One they've been waiting for? The One with the power to save them all?
