Kurzbeschreibung There's a tradition among certain circles that Bachelor Parties are for bachelors. Married men in the wedding party and family can come, but only if their wives tag along to provide the entertainment! Four young wives find out all about this tradition in a steamy encounter at their friend Aaron's stag party. One reluctant, one outright hostile, one eager, and another experienced--but all ultimately have more men than they can handle, and in front of their husbands, too! How do they deal with the awkwardness and jealous feelings that arise? Who will do who, and how? And how do the guys handle a wife that doesn't want to play along? Find out--this is your invitation to the hottest bachelor party ever!
