Von Charlotte Royal : The Barbarian Geisha (Black Lace) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Barbarian Geisha (Black Lace):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. never

trust other people's comments... Von Ein Kunde this book is actually a love story with a little bit more erotic details than the usual romance would offer. about a. sex: there is one scene, but no "constantly getting it back there" as someone put it - a comment which almost made me NOT order the book although I find the Japanese culture very interesting and am fairly into erotic romance. to sum it up: a good read for those who like a refreshingly unusual setting for an erotic romance0 von 1 Kunden fanden die folgende Rezension hilfreich. not very appetizing Von Ein Kunde I wish that these types of books would have some way of telling you what their authors' personal fetishes are. While I'm very open minded, I'm personally not into anal sex, and this book was one long tribute to it. I don't mind reading it in my erotica, but I prefer it to play a much smaller part. I'm surprised the poor heroine could ever even sit down, because she was getting it back there constantly. I guess what bothered me was the complete focus on it, almost to the exclusion of any other sort of activity. The best erotic books, the ones I go back to again and again, have a lot of variety, something for every mood - meat and potatoes to barely legal wild stuff. However, if you really like to read about backdoor action, this would definitely be the book for you.

Kurzbeschreibung A lavish erotic historical set in Japan... When Annabel Smith is driven to jumping overboard from her father's Elizabethan sailing vessel, she expects to die but is instead washed up on the shores of feudal Japan and into the hands of brutal warlord Nakano. Enchanted by her naked blonde beauty, Nakano takes her to Shimoyama, his fortress home where the Mamma San is to teach Annabel the art of giving pleasure. Shimoyama is a world of political intrigue and Nakano's brother warns Annabel of the dangers that surround her. Will she ever be accepted as a barbarian Geisha, given that her sexual appetites are ravenous and go against the rules? **Pressestimmen** "THEY'RE WRITTEN ESPECIALLY FOR WOMEN SO WILL HIT THE RIGHT BUTTONS" **MAXIM** "Werbetext" Black Lace - the leading erotic imprint for women
