Ordentlich geschriebene Formwandler-GeschichteVon VioDer junge Dean ist ein Wolfs-Wandler, der in einer Kleinstadt lebt, in welcher viele Kreaturen wohnen, die wie er Tierwandler sind. So gibt es Menschen, die sich in Wlfe, Bren oder Tiger wandeln knnen, und bei bestimmten Gelegenheiten wandeln mssen.Jeden Vollmond wird das Verlangen, sich zu wandeln, besonders stark, ebenso wie die Notwendigkeit, Sex mit einem oder mehreren anderen Wandlern zu haben. Als der mchtige Brenwandler Rob Dean einldt, die Vollmondnacht mit ihm zu verbringen, schwankt Dean zwischen Lust und Angst, denn Brenwandler gelten als strkste und barbarischste aller Wandler. Obwohl er von der Aussicht auf rauhen, harten Sex eingeschchert ist, kann er sich der Verlockung kaum entziehen - und der Vollmond naht unaufhaltsam.Ich habe bisher noch nicht viele Geschichten dieses Genres gelesen, diese hat mir aber recht gut gefallen. Ich mochte die Protagonisten, htte aber gerne mehr ber sie erfahren, ber ihre Vergangenheit, ihre Herkunft und so weiter. Vielleicht berlegt sich die Autorin Isa Hart eine Fortsetzung der Kurzgeschichte, mir hat sie jedenfalls so gut gefallen, dass ich gerne eine lngere Novelle oder einen Roman darber gelesen htte.Fazit: Gut geschriebene Formwandler-Kurzgeschichte mit M/m-Erotik

KurzbeschreibungWith the change in seasons fast approaching, Dean can feel his libido rising, courtesy of his wolf-shifting nature. But will he be able to find a partner capable of giving him the rough love he so craves?Dean had always heard that bear-shifters were the most dangerous and brutish lovers whom only the strongest and most hungry shifters were capable of satisfying. As a wolf, Dean thinks that not only is he capable of surviving a night in the strong, furry arms of a bear-lover but this is what he needs as well.When he meets 'Big Rob,' the strongest and most intimidating bear in town, Dean can't stop thinking about what it would be like to surrender to the monstrous man-bear's desires, even if the very idea half terrifies him.But when the moon is full and the pull of his supernatural side is stronger than his own reservations, will Dean be able to resist or will he succumb to his dangerous desires?KurzbeschreibungWith the change in seasons fast approaching, Dean can feel his libido rising, courtesy of his wolf-shifting nature.
