The Beast that Rides the Back of Love Von SandraReading "The Beast that Rides the Back of Love" more or less was an experiment. The title and the description made me curious. I wanted to know, if it would have any effect on me. What can I say? This book of erotic poetry and fiction is what you'd call appealing, educational and inspiring, in the literal

sense. Mr. Feral caught me from the start. He took me with him into a world of passionate sex and submission, lust and love. Close your eyes and you are there, transforming into one of his characters, trying out one of the scenarios, described in a lively and detailed fashion. Read "The Beast that Rides the Back of Love", the title alone already being an eye-catcher, and watch yourself become a part of Dante Ferals world. You just can't refuse, which is the whole point of submission, isn't it? Your man/woman might appreciate it. :) It's brilliant, it's impressive, it's VERY sexy. I love it. READ it!
