Von Wendy Markham : The Best Gift (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Best Gift (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The perfect holiday treat! 4.5 stars!Von Huntress ReviewsWhat a delightful surprise this little gem was! I couldn't imagine

how the author was going to build this story but it didn't take long before I was hooked! This sequel to 'If Only In My Dreams' follows Clara, a very appealing woman, as she continues her life with Drew, the love of her life and the reincarnation of the man she fell in love with in 1941 during her first ordeal of time travel. Clara's world is turned upside down Christmas morning after sharing the best news of all with her beloved husband. Midway through an earthquake, she suddenly wakes to find herself in their home, surrounded with moving boxes, very pregnant and alone. Clara's anguish and confusion are tangible and believable, as is her fear as she tries to figure out when she is and where her husband and un-born child are or are they even still alive? *****FOUR AND A HALF STARS! This is a poignant romance that will keep you up at night, as you must find out what happens to this loving family! Make a pot of tea, keep the tissues handy and curl up with this highly entertaining love story-with-a-twist a perfect holiday treat! *****Reviewed by Tracey Naylor for Huntress Reviews.

Kurzbeschreibung This book is a sequel to *If Only in My Dreams* (2006), by Wendy Markham. On Christmas morning of 2009 Clara McCallum has exciting news for her husband, Drew. She's pregnant. Before she can tell him, an earthquake hits California and she is transported into the future. She finds herself in 2012, where she wakes up alone, eight months pregnant, and no sign of Drew or their child. Clara ping-pongs between 2009 and 2012 as she tries to figure out what the future holds.
