Von Sidney Sheldon : The Best Laid Plans before purchasing it in order to gage whether or not it would be worth

my time, and all praised The Best Laid Plans:

KurzbeschreibungHe wanted power; she wanted revenge. The magnificent novel by the internationally bestselling author of *The Other Side of Midnight* and *Morning, Noon and Night*.He wanted power, she wanted revengeDear Diary: This morning I met the man I am going to marry. It was a simple enough entry in a young woman's diary which gave not the slightest portent of the elaborate chain of events that was about to occur.The Best Laid Plans tells the explosive story of the beautiful and ambitious Leslie Stewart, who learns that for some men power is the greatest aphrodisiac; and of Oliver Russell, the handsome governor of a small southern state, who finds out why hell has no fury like a woman scorned.With the unexpected twists and turns that are the hallmarks of his mega best-selling novels, Sidney Sheldon spins a tale of two equally determined people headed on a collision course. Oliver has a strategy to win the White House; Leslie has a scheme to make him wish he'd never been born. They both should have known that even the best laid plans can go dangerously astray in a deadly dangerous way..deThe latest from the indefatigable Sheldon is full of manipulators, dirty dealers, and dastardly rascals, all snatching at power--political, financial, sexual, or all the above; in other words, business as usual in Sidney's World. The Best Laid Plans begins with the meeting and mating of Oliver Russell, a promising young attorney-cum-gubernatorial candidate, and Leslie Stewart, the beautiful go-getter who is running his public relations campaign. Just as the pair is about to be wed, Russell's mentor, Senator Todd Davis, offers him a deal he can't refuse: marry my daughter and I will make you president. Russell accepts and Stewart vows revenge. The lion's share of The Best Laid Plans revolves around the young pol's rise to power and Stewart's byzantine plotting to bring him to grief. Russell gives his phony wife plenty of opportunities because, like every fictional president (and some real ones), Russell has an unruly libido. Reading this book is like waiting for a train wreck, bracing for the inevitable collision; but to Sheldon's credit, the titanic scandal that ends the novel is not quite what you expect....comThe latest from the indefatigable Sheldon is full of manipulators, dirty dealers, and dastardly rascals, all snatching at power--political, financial, sexual, or all the above; in other words, business as usual in Sidney's World.
