too hard in tying up all the loose ends. It's an insult to the reader to S-P-E-L-L every last detail out. Alex was the biggest disappointment!!! Totally made me sick how she was "hanging on to her dead husband" A husband she didn't even love! This is a perfect example how Osborne insults the reader! She spells it out-- over and over. Usually people who act the way Alex did -- don't know why they act that way. But Alex sure did, even told other people why she did what she did, and she STAYED in it until Freddy the saviour comes along. Same with Lester. Why couldn't Les figure out her own problems? But no -- along comes Freddy "the enlightened" to save the day. It's all kind of sick. And yet -- speaking of details -- A LACK OF -- I could not for the life of me figure out what time in history this book was in! The book says that it was soon after the Civil War but it sure didn't feel like it at all. Maggie Osborne does a really lousy job of taking you "back to the olden days." And giving you a flavor and feel for the time in history. Good idea for a book though. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A prizewinner Von Ein Kunde The reading of Joe Roark's will leaves four women in total shock. Joe accuses his three daughters and his fourth wife of not being "worth a sick spit". Instead of just allowing his three daughters to inherit his Texas ranch, he adds a stipulation. The three worthless girls (Alexander, Frederick, and Lester) need to drive 2000 herd of cattle from Texas to Kansas while performing all the duties expected of a male hand. If they fail to do so, the ranch goes to Joe's fourth and worst wife, Lola. After the initial shock, the girls realize that they have no choice. However, no reputable trail boss wants to lead three helpless women, including one wheel bound, on this trek. Only, Dal Frisco, an alcoholic accepts the position. On the trip, Dal and Freddy fall in love. But she has dreams of being an actress and he is planning to go to Montana when they reach Abilene. Unless they are willing to compromise, it appears that this is one relationship whose trail leads to unhappiness. THE BEST MAN is a well written, very interesting western romance that will excite fans of the sub-genre. The opening chapter is incredible as Joe's perspective on life is loud and clear in his will. From that stupendous start, the novel just seems to get better and better as the three female Roarks learn much about life, and Dal learns to live and love again. Magnificent Maggie Osborne will soon be recognized as one of romances writing maestros. Harriet Klausner 0 von 0 Kunden fanden die folgende Rezension hilfreich. Read it in one day! Von Traci L. Coburn I love all of Maggie Osborne's work and this book is no exception. When three sisters learn they have to drive 2000 head of cattle from Texas to Kansas before they can get their inheritance, they thought it was impossible. In walks Dal Frisco. They thought they could get away with just riding along, but he made them learn how to bring in strays, cook for all the men, and learn how to shoot. They end up learning a lot about each other and themselves. Each has hardships they have to deal with and each find love in the process. They are all stronger women in the end, much like other books of Ms. Osborne. I loved this book and highly recommend it!!

Kurzbeschreibung This is one of the best books that I have read in a long time. It made me laugh, cry, and the way love won out in the end was wonderful. -- Beverly Willeford, Bev's Books (Highlands, TX) Joe Roark's three daughters have just learned that the only way they will inherit their father's ranch is to drive a herd of 1,200 longhorns to Dodge City, Kansas and sell them there. If they fail, his wife Lola inherits everything. Terrified, but knowing they will be penniless without their inheritance, the girls decide to drive the cattle. What follows is an unparalleled adventure filled with the raw wildness of nature, the force of sheer determination, and an unexpected love that will change one sister's life....de What might have been an ordinary western romance of three sisters trying to win their inheritance by joining a cattle drive becomes, in Maggie Osborne's exceptional hands, a knock-out good read that will win even those who generally prefer European-set romances. Freddy, Alex, and Les--so named because their father wanted sons--hates cows even more than each other, but their real problem lies in their self-defeating attitudes and misconceptions. Dal Frisco, the foreman they hire, who needs this chance as much as they do, just won't let them quit. Their hard-won transformation--into skilled cowgirls and into women of strength and courage eager to embrace the future and their newfound loves--is thoroughly convincing and remarkably satisfying. --Ellen Edwards Kurzbeschreibung This is one of the best books that I have read in a long time.
