Von Nicolette Pierce : The Big Blind (Nadia Wolf Novel #1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Big Blind (Nadia Wolf Novel #1) (English Edition):

I often struggle with first person narrators, but Nadia is so likable and realistic that the perspective worked perfect.Nadia is smart and strong whithout being exaggerated Wonderwoman, she has flaws and makes mistakes without being dump. And she is no push-over with all the hot guys arround.I'm pretty sure

she could be a cousin of Janet Evanovich's Stefani Plum. The storyline keeps you reading, the perfect mix of anticipation and surprise. So fans of well written mystery/comedy/romance: here's your next fix! Just be aware that the end of this book leads directly to the next one ;) 0 von 0 Kunden fanden die folgende Rezension hilfreich. unexpectedly witty! Von Pamela Haas I bought the second book immediately after I have finished the first book. I almost spit at my Kindle because it was so witty. It is the beginning of a wonderful series and I cannot wait for the third book! Hopefully, it comes out this year!

Kurzbeschreibung Nadia Wolf had one wish, and it wasn't for the latest designer purse, fashion-forward clothing, or even a handsome man to marry . . . although, that would be acceptable too. Her wish was to win the World Series of Poker tournament and collect the one million dollar prize, beating the arrogant men who make her professional poker career a daily challenge. The odds were stacked against her when sexy poker celebrity Caleb Usher sat down at her table. As they pin their battles against each other, a steamy side wager drew them both in and gave them an even greater reason to fight for the championship. It only took one hand to make tournament history and leave them both hot under the collar. But before they could settle their spicy wager, the million dollar prize disappeared in front of an audience. Not one witness could explain what happened or where the money disappeared to. Greyson Miller CEO of the Lost City Casino had a mystery to solve. Not only did a thief steal the million dollars from under his watchful eyes, but a secret swelled so large it threatened the very core of the casino. In a twist of fate, Nadia teams up with Greyson in an attempt to find the missing prize and to solve the perilous mystery that plagued the Lost City Casino. With Greyson's overwhelming allure, Nadia has to keep both her head in the game and her hands to herself. Will she be able to unravel the mystery and find the lost prize money while keeping both Greyson and Caleb at bay? Can she fend off her fanatical self-appointed poker manager Frankie Garza before he flushes her career down the toilet in offbeat attempts to make her famous? With Caleb, Greyson, and Frankie all claiming a stake; Nadia's career, her life, and her heart will never be the same again.
