Von L. Filloon : The Binding (The Velesi Trilogy Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Binding (The Velesi Trilogy Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A wonderful fairytale like book.Von Chris E.I really loved this book.First things first, I am normally not into fairy tales or books about elves but in this year for a change of everything what was before that year, I've read more books with fairies involved than ever and enjoyed all of them. I hope this stream does not break up too soon.I enjoyed the unfolding story between Lily and Tharin, however, it was also exhausting at times. When he threw the first bits of

information of her background/inheritance at her she was all but left confused behind and therefore I can't relate to her trotting off after him to Veseli. In hindsight it was silly and naive and I don't understand it but it did not hinder me loving this piece of work. In the last third of the book I started to like Tharin (a bit more) and didn't anymore of him as a total jerk. I was intrigued to read about Lily knowing about her true self, her inheritance, her parents and coming into her powers. I enjoyed the two strong side characters, Tolin, Tharin's brother and Lily's best friend, Julia who fell for each other almost instantly. The ange and her brother are still a mystery to me and I haven't heard yet enough of their side of story. I had a lot of fun reading the story! I can't wait to read the 2nd book of the series.

Kurzbeschreibung Two nights after her eighteenth birthday, Lily is attacked while out jogging but is saved by Tharin Lunar, a Sidhe prince. When she discovers her attacker is her own brother, Lucas, who disappeared four years ago, Lily refuses to believe he would truly hurt her and becomes determined to find Lucas and bring him home. She finds Lucas's disappearance is somehow tied to Tharin; so when he informs her that she is his betrothed and must return with him to Veseli, fulfill a treaty between their families and unite the two strongest clans through their marriage, Lily agrees. However, she is not going to Veseli for a wedding, but to bring home her only family, Lucas. On their journey to the borders of Veseli, the realm of the Thirteen Clans, they are pursued by a Sidhe assassin group call the Ange, meet with an ogre crime lord that ends badly, deal with a sleazy troll motel manager, and when they discover there is a bounty on their heads, they must keep one step ahead of every assassin, bounty hunter and low-life criminal from Veseli. Protecting Lily has become the biggest challenge of Tharin's life. Lucky for him he has help in the form of his twin brother, Tolan, Lily's best friend Julia and his three bodyguard cousins Alorn, Phoris and Mellis.
