Von Michael Connelly : The Black Box (Harry Bosch Book 18) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Black Box (Harry Bosch Book 18) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Harry at his bestVon Martl Boif you like Harry Bosch be prepared to burn some midnightoil to finish this page-turner.Once started I couldn't turn it down.1 von 1 Kunden fanden die folgende Rezension hilfreich. We all are getting older every

day,...Von Miki101.Micha ... so it really isn't some great wonder that this also is happening to our hero Harry Bosch.In the last book (The Drop (A Harry Bosch Novel), instead of choosing retirement Harry Bosch returned to the LAPD with a 5 year contract under the Deferred Retirement Option Plan - "The DROP". He now works with the Open Unsolved Unit trying to bundle up Cold Cases.And there it comes along ... May 1992 - The Snow White case.So called because most of the other victims after May 1992, and after four LAPD officers were acquitted for the savage beating of Rodney King, were of colour. What was a very young and very white Danish reporter doing in the middle of the looting and beating that took place for weeks in certain quarters of Los Angeles.Harry and his colleagues - working under wartime conditions and the supervision of ex-Gulf-War troopers - can only do that much on the crime scene.Not enough to solve this apparently so futile murder. But there WAS someone to gain of the death of the free-lance reporter...And now it has come his way - the Snow White. And Harry, the old bloodhound as always, begins to sniff in all possible places to find his The Black Box. He calls it that way because he knows: In every case there is a Black Box, like those who are nearly indestructable and give away - when found - their knowlegde about airplane or ship desasters. He only needs to find his special Black Box to resolve the case.And he will find it. And will try to hunt the culprit(s) down.But he himself is a hunted, too.He has lacked of respect for the (In)competence of his superiors at LAPD - especially his current Lieutenant O'Toole more or less friendly nicked "O'Fool" -who refers Bosch to Internal Affairs on what seems to be a petty cause. But it could become very important because it can affect the way Harry may run or not the investigation. And he could lose his job very easily if the complaint remains standing.But in the very end also the Internal Affairs will be of very, but very very important use for our hero, who has centered a wasp's nest with his investigation.And - as I said above - we are all gettin' older every day - and so's our Harry.So also heroes need a helping hand, sometimes...This book is a perfect read not only for friends and lovers of Michael Connelly and Harry Bosch, but for all those who like their Police Proceduals with the very personal touch only an author of this bravura nowadays dares to use on his protagonists.And that is an experience to value highly - in this times of easy e-books and wishy-washy investigations!

KurzbeschreibungMay 1992, and after four LAPD officers are acquitted following the savage beating of Rodney King, Los Angeles is ablaze. As looting and burning take over the city, law and order are swept away in a tidal wave of violence. But under threat of their lives, homicide detectives like Harry Bosch are still stubbornly trying to do their job. With no effective police presence on the streets, murder just got a whole lot easier - and investigating them a whole lot harder. When Harry finds the body of a female journalist in an alley, he is forced to hand over the case to the Riot Crimes Task Force, knowing that it will never be solved.Twenty years later, new evidence confirms her death was not a case of random violence but something much more personal. This time Harry is determined that the killer isn't going to escape - even if it means stepping back into the darkest days of the city he loves . . .

.PressestimmenPRAISE FOR THE DROP:"Connelly inherits the mantle of Raymond Chandler.... Their books share a

kind of ambitious artistry that strains to reach beyond genre fiction."Chuck Leddy, Boston Globe"Connelly is superb at building suspense."Tom Nolan, Wall Street Journal"Bosch is one of the best detectives in crime fiction, and Connelly continues to amaze with his latest effort."Jeff Ayers, Associated Press

WerbetextHarry Bosch returns to the scene of a twenty-year-old crime.
