Von Connie Mason : The Black Knight (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Black Knight (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. The Black KnightVon Ms. Veronica A. HamptonThis is the first book I've purchased and read by Connie Mason. I must say I was immediately drawn into the story. As my first love is historical romance, and what a tale Ms. Mason wove.The plot was exciting and kept me on edge, trying to figure out what was going to happen next. The character's

made you feel as if you were living each moment with them. What I wouldn't give to have a "Black Knight", rescue me. Oh, and the villain, did I love to hate him? I found myself talking to victims trying to warn them. Once I picked this book up, I couldn't put it down. Ms. Mason is right up there with my all-time favorite writers: Bertice Small, Virginia Henley, Julie Garwood. When you have writers that can bring the past to life and make you feel as if you're right there, then you've given the reader a gift. Also not to mention all the history you learn. "God bless each and everyone of these writers". 2 von 2 Kunden fanden die folgende Rezension hilfreich. Excellent! Von Huntress Reviews Drake was ten years old when his mother died. He was living with his Granny when his father, a knight, came to fetch him to Eyre. Granny had told Drake his parents had legally wed before his birth and would give him the proof when the time was right. But his father had come to take him to Eyre where Drake's younger, half-brother, Waldo, was named as the legitimate heir. Drake grew up labeled a bastard. He vowed to someday be a knight, despite his label. Raven had loved Drake ever since she reached puberty. But Drake only had eyes for her sister, Daria. Daria betrays his love for her, but Raven is thought to blame. For several more reasons (which I cannot divulge or it would ruin the story for you. Sorry.) Drake is banished. He becomes the King's champion and once he has land and title, he finds the chance for a bit of revenge against Waldo. On Waldo's wedding night, Drake claims Raven's maidenhead and then kidnaps her. As for Raven, she has every right to fear her new husband, Waldo. He meant to see Raven as dead as his first wife, but his half-brother was to die first! *** An exciting story of honor, courage, and love as only Connie Mason can write! She will get many new fans with this one! I foresee many awards! Very highly recommended reading! *** 1 von 1 Kunden fanden die folgende Rezension hilfreich. Connie Mason NEVER Disappoints! Von Eva Biediger Betrayed by the sister of the woman he loved, Drake has spent years hardening his heart against women like Raven of Chirk. But now, known far and wide as The Black Knight, Drake has returned to Castle Chirk to compete in a tournament. Little did he know the tournament was in honor of the impending wedding of Raven and Drake's half-brother, Waldo. Still burning from Raven's childhood betrayal, Drake refuses to help Raven escape her unwanted marriage to Waldo. But Drake's revenge upon Waldo puts him and Raven on the run together. As the danger grows, so too does their passion. Can Drake risk his heart to the woman who betrayed him all those years ago? How could Drake possibly have a future with Raven when she is legally wed to another man? And will Drake and Raven live long enough to see the face of their unborn child? Connie Mason's "The Black Knight" is one terrific read! Her characters are richly drawn with real motivations and weaknesses and her writing is captivating. "The Black Knight" is worth staying up all night to read! One for the keeper shelf.

Kurzbeschreibung He rode into Chirk Castle on his pure black destrier. Clad in black from his gleaming helm to the tips of his toes, he was all battle-honed muscles and rippling tendons. In his stark black armor he looked lethal and sinister, every bit as dangerous as his name implied. He was a man renowned for his courage and strength, for his prowess with women, for his ruthless skill in combat. But when he saw Raven of Chirk, with her long, chestnut tresses and womanly curves, he could barely contain his embroiled emotions. For it was her betrayal twelve years before that had turned him from chivalrous youth to hardened knight. It was she who made him vow to trust no woman--to take women only for his pleasure. It was she who had made him ruthless and bitter and incapable of love. But only she could unleash the passion in his body, the goodness in his soul, and the love in his heart. "Ms. Mason has written a rich medieval romance filled with tournaments, chivalry, lust and love. But most important are the characters who make this novel come alive. Sit back and savor this one."--Evelyn Feiner, Romantic Times Kurzbeschreibung He rode into Chirk Castle on his pure black destrier.
