Penzler, an acclaimed mystery writer, has a gift for bringing back talented writers from historical obscurity. The Seattle Times"This collection delivers more than 900 pages of wonderful reading. . . . Every fan of old-time detection will want this book." --The Washington PostUnparalleled. . . . This is the ideal bedside book for mystery fans: packed with short, challenging tales of murder and deduction, easily consumed before the eyes flicker. . . . Many of the stories are classics (and worth reading again), but there are a number of writers here whose stories aren't well known, so there's much to discover. Shelf Awareness"Awide-ranging collection of the impossible. . . .This intelligently assembled anthology of 68 short stories will be catnip for fair play fans. . . . The real treat is in the revelations of the gifts at misdirection from undeservedly obscure authors such as Julian Hawthorne (Nathaniels son), J.E. Gurdon, Augustus Muir, and Vincent Cornier, whose ingenious work is less likely to be encountered in other anthologies." --Publishers Weekly (starred review)"Connoisseurs of this eccentric, demanding form will find this an indispensable resource, a pearl beyond price." --Kirkus sKurzbeschreibungThe Most Complete Collection of Impossible Crime Stories Ever Assembled, with puzzling mysteries byStephen King, Dashiell Hammett, Lawrence Block, Agatha Christie, Georges Simenon, Dorothy L.
