Spannend, kreativ und in sich schlüssig Von Stefan Czarnetzki Ich habe gerade die ganze Merchant Princes Reihe am Stck gelesen und kann sie nur weiterempfehlen! Die Bücher liegen irgendwo zwischen Fantasy und SciFi und basieren auf der Annahme, dass eine Reihe von Menschen die Fähigkeit besitzen, sich zwischen Welten zu bewegen, in denen sich die Geschichte unterschiedlich entwickelt hat. Genauer gesagt kommen sie aus einer mittelalterlichen Welt, in der sich nie der Monotheismus durchgesetzt hat und die amerikanische Ostküste nur durch von Wikinger-Kolonien besiedelt wurde, aus denen sich kleine Königreiche entwickelt haben. Das "Familientalent", das durch sorgfältige Ehen zwischen den einzelnen Stämmen der Familie erhalten wird, erlaubt ihnen, in unsere Welt zu wechseln. Was tut man also? Natürlich daraus finanziellen Vorteil ziehen! Hiermit hren die fantastischen Annahmen auf, und der Rest der Handlung ergibt sich aus logischen, wirtschaftlichen und politischen Folgen, einigen überraschenden (aber nie an den Haaren herbeigezogenen) Wendungen, und der mitreißenden Geschichte des weiblichen Hauptcharakters, die mitten in diese alte Familie und in Ereignisse hineinstolpert, die die ganze Welt verändern werden. Sehr empfehlenswert! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Very good read Von Collin M. Interesting and original new ideas in an alternate realities story. Kurzbeschreibung The Bloodline Feud by Charles Stross includes The Family Trade and The Hidden Family - The first two instalments of the Merchant Princes series combined in one volume. Miriam Beckstein is a successful reporter for a hi-tech magazine. So when she discovers a huge money-laundering scam, she thinks she's hit the big time. But when she takes it to her editor, not only is she fired, but she starts to receive death threats. And that's just the beginning. To distract her furious daughter, Miriam's adoptive mother unearths mementos from her real mother, murdered when she was an infant. But these reveal a secret that will ultimately throw entire governments into disarray. For what Miriam thinks is a simple locket has the power to fling her into an alternate timeline. In this less-developed world, knights on horseback wield automatic weapons, and world-skipping assassins lurk - all on the other side of our reality. Here, her true family runs a criminal empire - and they want her back. But Miriam has other plans. Following The Bloodline Feud are two further omnibus volumes, The Traders' War and The Revolution Trade. 'A marvellous romp through this world and others, told by a master of the imaginative thrill-ride' Karl Schroeder, 'A festival of ideas in action, fast moving and often very funny' Locus, 'A rollicking, pacy read' Interzone Kurzbeschreibung The Bloodline Feud by Charles Stross includes The Family Trade and The Hidden Family - The first two instalments of the Merchant Princes series combined in one volume.
