Von Courtney Cole : The Bloodstone Saga: The Boxed Set (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bloodstone Saga: The Boxed Set (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Interessante SageVon Susan SzeskaDer erste Band war sehr aufschlussreich, viel Historie involviert, auch Herz/

Schmerz - alles was ich in guten Geschichten leiden mag. Ab dem zweiten Band allerdings wurde es teils ein wenig zu viel des Guten. 'Zuviel zu beachten innerhalb der Story, viel geschichtlicher Hintergrund. Trotz allem, fr alle, die Courtney und Fantasy lieben, ein Muss! :)

Kurzbeschreibung Born a goddess. Controlled by the Fates. Can Macy's love for her soul mate survive the bonds of time... and death? The Bloodstone Saga is a series of four YA Paranormal Romance novels following the life of one girl who has been tricked by the Fates into believing that she is a Keeper. She is reborn time and time again into tragic lives with tragic ends. Time and time again, she loses her soul mate. Until finally, she comes face to face with who she really is and the earth-shattering realization changes everything. Every Last Kiss Fated With My Last Breath My Tattered Bonds In these four books, one girl is confronted with lies, happiness, treachery, magic and myth. She learns how strong she really is and what sacrifices she is truly prepared to make for those that she loves. Heartbreaking, poignant and emotional, these books will tug at your heart-strings and leave you breathless for more. What would you do if you held fate in your hands? This complete collection includes a bonus novella, House of Thebes, as a free gift. House of Thebes is the story of how Harmonia and Cadmus met...the first time. Three bonus short stories (At Morning's Light, Wicked Enchantment and Lies That Bind) are included as a bonus, as well. Here is what critics say: The Supernatural Snark says: Overall, Every Last Kiss is a thoroughly enjoyable start to the Bloodstone series, the world of Cleopatra's Egypt dazzling our imaginations as the joy and tragedy of love and death plays the keys of our emotions with mightily deft fingers. The Caffeinated Diva says this about Fated: Once again, the author weaves actual mythology and legend and real people with the fictional and it is absolutely seamless. While the first explored ancient Egypt and its mythology, this book delves into Greek mythology. Her ability to maintain the integrity of the true mythology while also layering her own with it is amazing and makes for a very absorbing read. My Vamp Fiction says this about The Bloodstone Saga: I just have to say this author keeps blowing me away with these books. I'm totally and completely infatuated with them. I'd even go as far as to say that they may just be my favorite series of the year. And the Goodreads reviews are in! Tanya Marie's says: The Bloodstone Saga is pure literary magic!!!! This is my new literary chocolate -- my new literary gold!!!! Carrie says: I feel like this whole series can be described with words like rich, exquisite, romantic...the history of the stories and the world that was created by Ms. Cole are all of those things and more! Her descriptions are like a delicious banquet for the mind. About the author: Courtney Cole is a novelist who would eat mythology for breakfast if she could. She adores thunderstorms and cashmere socks and is hard at work on her new series, The Moonstone Saga.
