Kann das Buch empfehlen, auch wenn es sich zunchst sehr zieht und ich mich nur aufgrund der Bewertungen durchgedrungen habe, behaupt weiter zu lesen. Ich entscheide mich jedoch dagegen weiter zu lesen, da die in der Fortsetzung viele Charaktere fehlen, die am Ende dieses Buches verabschiedet werden obwohl man sie schon ins Herz geschlossen hat. Auch allzu spannend ist

das Ende nicht gestaltet worden bzw. nur mit Ausblick auf viele Kampfszenen, die nicht allzu spannend für mich waren. 3 von 3 Kunden fanden die folgende Rezension hilfreich. Cookie-Cutter-Fantasy Von Sandeah Adults beware! This is Fantasy for babies. A plot stretched beyond reason, 2-D-characters stumbling along all to obvious lines, a bit of this, a bit of that. This book I would read to my teenage daughter if she was lying sick in her bed and I had to bide time. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great plot, great characters - more please Von Hoener, Birgit This book is the first in an anthology I got from (for free!), and I loved it: a very good plot, diverse and likeable (and not so likeable) characters, and enough suspense and humour to make everyone happy. It should get another thorough editing session, there were some bad spelling and grammar errors, or missing words, but not so many it got me off reading. Supposed to be a trilogy, but I think I have seen a 4th volume already? I will definitely get the other ones.

Kurzbeschreibung Miranda is a young woman more interested in staying alive than being a hero. Orphaned by a continent-spanning war that has gone on for decades too long and shunned for failing to support it, she has been on the move since she was only a child. One can hardly blame her when she thinks that the chance discovery of a fallen soldier's priceless cargo is the moment that will change her life. No one could predict just how great that change would be. It will lead her through an adventure of rebels and generals, of wizards and warriors, and of beasts both noble and monstrous. Each step of the way will take her closer to the truth of her potential, of the war, and of the fate of her world.
