Von Robert Rankin : The Book of Ultimate Truths (The Cornelius Murphy Trilogy 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Book of Ultimate Truths (The Cornelius Murphy Trilogy 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen8 von 8 Kunden fanden die folgende Rezension hilfreich. Only one ultimate truth: THIS BOOK IS FUN!Von Ein KundeIn the "Book of ultimate truths", Rankin sends his protagonists Connelius Murphy, epic adventurer, and Tuppe, vertically challenged, on a truly bizarre journey through Britain in order to find a way of saving Cornelius' father from the "forbidden zones", secret areas all around us in which mighty wealth is hoarded by the sinister beings which dwell within. Violence, disaster, mystery, action, thrill and more humor than one man should have make this book a highly entertaining read.1 von 1 Kunden fanden die folgende Rezension hilfreich. Hillarious.Von ElorahA typical Robert Rankin: absurd, unbelievably funny, smart, and with many twists and turns. Recommended to any and all people who always wondered where their bios go (as there's never one around).0 von 1 Kunden fanden die folgende Rezension hilfreich. Gutes BuchVon Raphael Rogelinteressanter Humor, schön geschrieben. Empfehlenswert für Leute, die gern englische Bücher lesen. Für Menschen mit migen Sprachkenntnissen nicht zu empfehlen

KurzbeschreibungCornelius Murphy is a big-haired seventeen year old tall school leaver, devoted avoider of regular employment and Stuff of Epics. And together with his diminutive companion and bestest friend Tuppe (the stuff of epics to a slightly lesser degree) they set out in a 1958 Cadillac Eldorado to travel the length of the British Isles in search of the missing chapters from a great and wonderful tome: The Book of Ultimate Truths. Penned by self-styled Most Amazing Man Who Ever Lived, Hugo Rune. Although few people remember Rune today, in his time he was lionised by society for his many achievements. He spoke seventeen languages, played darts with the Dalai Lama and shared his sleeping bag (on separate occasions) with Albert Einstein, Lawrence of Arabia, George Formby and Marilyn Monroe. He was worshipped as a god by an East Acton cargo cult and once scaled Everest in a smoking jacket and a pair of plus-fours to win a bet with Oscar Wilde. He travelled to Venus in the company of George Adamski, reinvented the ocarina and was yearly burned in effigy by the Chiswick Townswomens Guild. He was an expert swordsman, a world traveller, a poet, a painter, a guru unto gurus and a passionate hater of Bud Abbot. He won a first at Oxford, squandered three fortunes, made love to a thousand women, imbibed strange drugs and almost pipped Einstein for the Nobel Prize. He was barred from every Chinese noodle parlour in West London and died penniless in a Hastings boarding house in his ninetieth year. He penned nearly eight million words, wrote the songs that made the whole world sing and knew all the answers to all the big questions. And he was, as his acolyte Aleister Crowley once said, One Hell of a Holy Guru! His greatest work The Book of Ultimate Truths explains in terms understandable to the layman just what life is all about. Why there are always two small screws left over when you reassemble that broken toaster. Where all the yellow handled screwdrivers go to. The truth about the A-Z street directory and the Forbidden Zones that lie hidden all around us. The spontaneous generation of crowds. Where the flat hedgehogs upon country roads really come from. The real deal about Time, the Creation of the Universe and pretty much everything really. Throughout his long life he was constantly under attack from the Forces of Darkness that sought to stop him revealing these Ultimate Truths. And now Cornelius and Tuppe must battle these same Dark Forces if they are to seek out and publish the missing chapters of Rune. The going won't be easy, as they encounter demonic Scotsmen, mad monks and cake-obsessed evil fairies, but it will be a lot of fun and The Book of Ultimate Truths must be republished. The survival of Mankind depends upon it. The Book of Ultimate Truths is the first instalment of a three part Epic Adventure to out-Epic-Adventure all three-part Epic Adventures that have gone before. The further adventures of Cornelius, Tuppe and Hugo Rune can be found in RAIDERS OF THE LOST CAR PARK and THE MOST AMAZING MAN WHO EVER LIVED by Robert Rankin, also available for your kindle from
