Von Robert Ludlum : The Bourne Identity: Jason Bourne Book #1 (Jason Bourne Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bourne Identity: Jason Bourne Book #1

(Jason Bourne Series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Spannend und unterhaltsamVon H. BuschObwohl ich den ersten Film aus der Bourne-Reihe zweimal gesehen habe, finde ich den Roman trotz der Vorkenntnisse sehr unterhaltsam und spannend. Die Vorgeschichte Bournes wird im Laufe der Handlung immer weiter enthüllt, sodass die Fragen, die Bourne sich stellt - und mit ihm der Leser - sukzessive beantwortet werden. Die Passagen bzw. Fragen, in denen Bournes Gedanken ausgedrückt werden, gehören sicher zu den eher schwereren Elementen des Romans. Ansonsten bietet dieser alles, was man von einem Agententhriller erwartet: Beseitigung in allen Bereichen und auf allen Ebenen, kaltblütige Mörder, undurchsichtige Gestalten sowie eine Liebesgeschichte und einen geheimnisvollen Held. Wer so etwas sucht, wird hier gut bedient.0 von 0 Kunden fanden die folgende Rezension hilfreich. great readVon semperulaenjoyed the movie, now enjoyed the book - which is saying something - often you have got so strong images in your head from the movie that the book becomes impossible to read - not here - really enjoyed it0 von 0 Kunden fanden die folgende Rezension hilfreich. Nobody is like Jason BourneVon AnakinaI must admit that Jason Bourne is one of my favourite movie characters. Having seen all the movies so far released in this series, I thought it was time to start reading the books by Robert Ludlum, because given the chronological gap between these films and the films I imagined that they were very different. And indeed it is so. Apart from a few salient points of the plot, we are faced with completely different stories result of the socio-political landscape in which they are set.Approaching a book of the 70s (1979 to be exact) is not always easy, because immediately you notice some outdated aspects of the language and also the settings that differ from what we are used to, especially for people like me who at the time were very young and do not have first-hand memories. However, there are books like this that are timeless. Although the way of narrating undoubtedly changed over the decades, some authors are already ahead of their contemporaries. One of this is the late Ludlum, who with his first book in the series literally caught me. The character of Bourne who suffers from amnesia and is afraid of being a bad person immediately made inroads into my heart. I couldn't help but love him. Ludlum is so good at diving into his fears and doubts that you must love this "creature" of his. Fragile and deadly, ruthless and tender, Bourne catapults us into a long adventure in Switzerland, France and the United States, where the difference between the good and the bad becomes thin, plunging the character deeper and deeper into an abyss. At every moment we fear for him, both for what may happen to him, and for what he might discover about his own past.It's a nice long novel that can be read in one breath, one of those you wait for throughout the day.Rita Carla Francesca Monticelli, author of Kindred Intentions

Kurzbeschreibung#1 NEW YORK TIMES BESTSELLER His memory is a blank. His bullet-ridden body was fished from the Mediterranean Sea. His face has been altered by plastic surgery. A frame of microfilm has been surgically implanted in his hip. Even his name is a mystery. Marked for death, he is racing for survival through a bizarre world of murderous conspiratorsled by Carlos, the worlds most dangerous assassin. Who is Jason Bourne? The answer may kill him.BONUS: This edition includes an excerpt from Robert Ludlum's The Bourne Supremacy.Pressestimmen"Probably the best modern spy thriller I have ever read. I love Ludlum's stuff because he challenges you from the first page." -- Pete Waterman DAILY EXPRESSWerbetextHe has no past. And he may not have a future ... The first in the Jason Bourne series from internationally bestselling author Robert Ludlum: 'the world's most read writer' GQ
