**Von Robert Ludlum : The Bourne Ultimatum: Jason Bourne Book #3 (Jason Bourne Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Bourne Ultimatum: Jason Bourne Book #3 (Jason Bourne Series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The showdown of BourneVon AnakinaSumptuous finale of the trilogy. Although intricate, the plot is less difficult to follow than the ones of the first and second book. Maybe this aspect may be considered a flaw, according to my personal tastes (I prefer having to struggle a bit to follow the plot of a book), but its compensated by the abundance of events and the unpredictability of the story.I believe that the best among the three books is the second, but they are all top-notch. And most importantly, they are addictive. I regretted having to slow down the reading for lack of time and this prevented me from fully enjoy the novel.Here Ludlum uses all his inventive, multiplying the places and the action scenes. The final battle with the Jackal and especially the place where it happens are epic.Too bad that the character of Marie appears only in the central part of the book and that she isnt involved in the scene representing the climax of the novel, only to reappear in the epilogue.The latter is a bit melancholic. Although I know that there are more books about Bourne, I also know that they arent really written by Ludlum, who had decided to end his story here.Again I noticed that Ludlum never uses vulgar terms, but in return swear words abound. All the characters invoke God and Jesus in various ways. This would represent a sort of defect, as it reduces the characterization of the characters themselves (as they all have the same way of swearing), but at the same time its his trademark, as well as the continuous use of exclamations like folly! or madness! (Im not sure whether he used these exact words in English, because I read his books translated into Italian).I recommend reading this book (and the whole trilogy) when you can dedicate at least one hour a day to it, so that you dont lose the rhythm.Rita Carla Francesca Monticelli, author of Kindred Intentions4 von 5 Kunden fanden die folgende Rezension hilfreich. Worth reading for the Bourne conclusionVon kireviewerThis is the third and final book in the Bourne series. The first book (Identity) is fairly good. The second book (Supremacy) isn't very good and doesn't add anything to the series. This third book could be fully enjoyed without reading the second book.This third book isn't as good as the first one. But, it is worth reading if you want to follow through on the conclusion from the first book. The biggest problem with this series is that the emotional musings of the hero about his identity and the love and worry about his wife get pretty tedious in the first book, are beat to death in the second book and are just painful to read by the third book. Maybe this third book could be better enjoyed by skipping the first two books (although there are major parts of the first book that are better than anything in the third book).4 von 5 Kunden fanden die folgende Rezension hilfreich. Rock and roll!Von Jared GarrettThis, the final in Ludlum's best series of books, is definately worth its weight in the food you forget to eat! Ludlum succeeds in making a character human! Jason Bourne/ David Webb is a fleshed out character with the doubts and worries that all people have! His concern for his family, his worry for them, his desire to be done with the whole assassin racket; all of these combine to give this man a believable and human motivation to finally have a showdown with his mortal enemy, the Jackal. This book takes the reader to all parts of the world and is wonderfully plotted. How does Ludlum do it? This is a taut, fast-paced, heavy breathing conclusion to Ludlum's greatest espionage victory. Read it.

Kurzbeschreibung#1 NEW YORK TIMES BESTSELLER At a small-town carnival, two men, each mysteriously summoned by telegram, witness a bizarre killing. The telegrams are signed Jason Bourne. Only they know Bourne's true identity and understand that the telegrams are really a message from Bourne's mortal enemy, Carlos, known also as the Jackal, the world's deadliest and most elusive terrorist. And furthermore, they know what the Jackal wants: a final confrontation with Bourne. Now David Webb, professor of Oriental studies, husband, and father, must do what he hoped never to do again—assume the terrible identity of Jason Bourne. His plan is simple: to infiltrate the politically and economically omnipotent Medusa group and use himself as bait to lure the cunning Jackal into a deadly trap from which only one of them will escape.Pressestimmen"Vintage Ludlum."The Cleveland Plain DealerFrom the Paperback edition.WerbetextA death at a funfair, and Bourne must face his nemesis...The third Jason Bourne novel from internationally bestselling author Robert Ludlum.
