Von Angie Martin : The Boys Club (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Boys Club (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The Lesser EvilVon Thomas Baker"The Boys Club", by Angie Martin, brings to mind both positive and negative connotations. However, the attractively done, DARK artwork on the cover makes its clear for me to expect somber passages. It foreshadows and foretells that within the covers of this fascinating read there will be dark deeds done to

people. From the synopsis we glean that our protagonist is but a boy, that "growing up a homeless juvenile delinquent left its mark on Gabriel Logan." Fast forward... "until his work results in the murder of his pregnant wife." It turns out Gabriel knows who is responsible for the murder of his wife (and unborn child). There will be hell to pay, right? Thus, we have a classic revenge story, right? Wrong. Author Angie Martin has cleverly thrown a monkey wrench in the revenge genre machinery. She has crossed genres, literally and figuratively. Things are a bit more complicated than it would appear. There are other considerations. "Other considerations!", I can tell you are ticked off by now.

"Unrealistic", you mutter under your breath and go looking for another book... "Wait!", I say. Wait just a moment please. Life is never as simple as it could be, not in reality, and not in this book either. That's what makes it more real than real. It engages you, pulls you in, and presents you with a set of circumstances in which you must choose between two competing evils. There is no choice that is a good one, only one that consumes your very soul. What would you do? What choice would you make? Which for you, is the lesser evil??? A fascinating read that will allow you to get to know yourself. Highly recommended. 0 von 0 Kunden fanden die folgende Rezension hilfreich. THE BROTHERHOOD OF BLOOD Von Al-Khemet Book Club Firstly, I patiently await the film adaptation of this truly remarkable and groundbreaking book. Juvenile delinquent Gabriel Logan has known nothing but trouble all his life and with no hope of salvation comes an opportunity he simply couldn't turn down. A former FBI agent presents hope of a better life to Gabriel on a silver platter, it's a strange and unusual sort of vigilante justice all boys group and Gabriel jumps in and quickly climbs the ranks, but every success has its price and the ultimate sacrifice Gabriel pays is that of his wife and unborn child. The tragedy broke him, literally, mind, body and spirit and it was rather disturbing and devastating to read but this remarkable author, Angie Martin, handles the dialogue and situation with care and class. She writes strikingly well, her characters draw you in and her plot spell-bounds you. I read with blood pounding as Gabriel burns with an insatiable lust for vengeance and grew from the tragedy that swept him, he heads after a criminal mastermind with the breathtaking twist of rescuing his daughter; who is the only one able to aid him in taking down his grand enemy, and if that isn't enough drama, he has grown distrustful of his BROTHERS, for there is a traitor among them. This disturbingly dark book is one of this best reads this month and highly recommendable. Al-Khemet Book Club, Mar 2015 0 von 0 Kunden fanden die folgende Rezension hilfreich. Romantic suspense and mystery Von Convoke Suspense, romance, a bad boy named Logan on the verge of manhood: Angie Martin, no stranger to award winning, brings us "The Boys Club." Gabriel Logan has led a throwaway life. From juvenile delinquent to homeless young adult isn't very far to fall. When a former FBI agent proposes to recruit Logan into a fringe organization recruiting angry young males to operate outside the law, Logan can't say no. But can justice be found outside the law? Logan rises to fast in this shadow organization, until Logan threatens the men behind the scene and his pregnant wife turns up dead. Logan knows his enemy, who has killed his wife: one Hugh Langston. When an opportunity to bring down Langston arises, Logan seizes it. But can our bad boy turned zealot do the job, even if it means saving Langston's daughter from her father's own hit list? And why, after so long on the wrong side of fate, is Langston getting lucky? Lucky in this case means succeeding in his plan to rescue the woman who can indict Logan's enemy -- and help him determine who in the Boys Club are the traitors? A complex, heated story of suspense, love, betrayal and mystery.

Kurzbeschreibung From the award-winning, bestselling author of Conduit Growing up a homeless juvenile delinquent left its mark on Gabriel Logan. He lived a throwaway existence until a former FBI agent recruited him for a fringe organization for boys like him, ones who could operate outside the law for the sake of justice. As an adult, he sets an example for the others and is slated to take over their group, until his work results in the murder of his pregnant wife. Going through the motions of everyday life, Logan does only what's required of him with one goal in mind: kill Hugh Langston, the man responsible for his wife's death. When he's handed the opportunity to bring Langston down, he jumps at the chance, but the job will challenge him more than anything in the past. Not only does he have to save Langston's daughter from her father's hit list, but the job seems to have come to them a little too easily. Logan must find a way to not only rescue the one woman who can take down his biggest enemy, but also look into the men he trusts most to discover which one of them is betraying The Boys Club. The Boys Club contains strong violence. Reader discretion advised. Awards: Silver Medal winner ~ 2015 Readers' Favorite International Book Awards ~ Fiction-Suspense Voted one of The 50 Self-Published Books Worth Reading (ReadFreely) What people are saying about The Boys Club FIVE STARS FROM READERS' FAVORITE: "I really enjoyed reading The Boys Club. The characters were very well-written and relatable. I loved that each had flaws they struggled to overcome... I hope Miss Martin plans to write a sequel because I would very much like to see where the story would go from here. The Boys Club by Angie Martin is a brilliant read, and I highly recommend it to anyone seeking a bit of thriller and suspense." ~ Readers' Favorite "There are no words that I could write that would even begin to do this book justice. I am struggling with what to say and not give anything away. This book had the nail biting suspense, a little romance, and just an overall HOLY S*** emotion!! I bet I said those two words more times in this book than I have in any book in a really long time. ... I really can not say enough good about this book. It is just AMAZING!!! Go read it!! I highly recommend this book to

anyone and everyone. It is that good!! 5++ AMAZEBALLS stars!!" ~ Amazeballs Book Addicts"Angie Martin brings her readers another jaw dropping story that is fast paste, and that will leave you wanting more. Every chapter is filled with twist and turns that will have your heart racing, and quickly turning the pages to read more." ~ Fire and Ice Book s"As I said in the beginning OMG. This book is action packed and will have you turning the page to find out what will happen next. I cant wait to read more from Angie and I hope she writes more about Gabe and Sara." ~ Nessa's Book s"Packed with suspense and action, themes of betrayal, redemption, and second chances permeates this page-turner." ~ Author Glede Kabongo-Browne"The Boys Club by Angie Martin is a gripping story, one that wakes you up from the start. I was lured right into this captivating tale even before I got to chapter one. The non-stop action and dramatic scenes had me reading with anticipation." ~ Author Brenda Perlin"The author does a fantastic job slowly building the plot and then BAM, drops the bomb. I don't want to give too much away, but there are definitely surprises in here that blew me away." ~ Author Jalpa Williby"...right from the go, author Angie Martin, takes you on a fast paced ride through danger, deception, and even a bit of romance." ~ Author JD FranxGrab your copy of this action-packed suspense/thriller today!KurzbeschreibungFrom the award-winning, bestselling author of ConduitGrowing up a homeless juvenile delinquent left its mark on Gabriel Logan.
