Von Sigrid Undset : The Bridal Wreath: Kristin Lavransdatter, Vol.1 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bridal Wreath: Kristin Lavransdatter, Vol.1:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. One of the greatest novels in Western LiteratureVon Ein KundeI think the three volumes that make up Kristin Lavransdatter rank with the world's greatest novels--including Tolstoy's Anna Karenina. The depth of the characterizations, the

completeness with which the author captures life in medieval Norway, and the universal emotions and spiritual and temporal struggles which drive Kristin and those around her are unmatched. I have read these three volumes three times (at about decade long intervals) and each time have found new reasons to love and appreciate them. This is a book against which one can mark one's own life. 0 von 0 Kunden fanden die folgende Rezension hilfreich. An unforgettable epic Von Ein Kunde Kristin's story is universal and timeless. This incredibly rich saga is relevant to twentieth century society and touches on so many of the life experiences we all go through. I read this book when I was sixteen and never forgot it- my oldest daughter is named Kristin. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Fabulous book: make sure you read Andrew Lytle's commentary Von Ein Kunde Dittos to the praise bestowed on the monumental work, but for a complete understanding order "Kristin: A Reading" by the great novelist/critic, Andrew Lytle (I bought mine from)

Kurzbeschreibung The acknowledged masterpiece of the Nobel Prize-winning Norwegian novelist Sigrid Undset, Kristin Lavransdatter has never been out of print in this country since its first publication in 1927. Its story of a woman's life in fourteenth-century Norway has kept its hold on generations of readers, and the heroine, Kristin beautiful, strong-willed, and passionate stands with the world's great literary figures. Volume 1, The Bridal Wreath, describes young Kristin's stormy romance with the dashing Erlend Nikulausson, a young man perhaps overly fond of women, of whom her father strongly disapproves. From the Trade Paperback edition. Pressestimmen Sigrid Undset's trilogy embodies more of life, seen understanding and seriously than any novel since Dostoevsky's Brothers Karamazov. Commonweal No other novelist has bodied forth the medieval world with such richness and fullness. New York Herald Tribune Kurzbeschreibung The acknowledged masterpiece of the Nobel Prize-winning Norwegian novelist Sigrid Undset, Kristin Lavransdatter has never been out of print in this country since its first publication in 1927. Its story of a woman's life in fourteenth-century Norway has kept its hold on generations of readers, and the heroine, Kristin beautiful, strong-willed, and passionate stands with the world's great literary figures.
