**Von Charlotte Douglas : The Bride's Rescuer (Harlequin Intrigue)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Bride's Rescuer (Harlequin Intrigue):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich.  
contrived story from good writer Von Deborah Macgillivray The power of this writer to keep you reading is strong, despite contrived plot of from start to finish. With such ability, she shows great promise; she just needs to steer clear of falling for the easy way out in plotting. Celia Stevens is getting married. Her bridesmaid keeps begging her to reconsider, that she does not trust the groom. Celia ignores good advice. In her Vera Wang gown, she is determined to marry a man she barely knows. It's only the sudden appearance of a stranger that stops the wedding, with news the man she is ready to pledge herself to is likely a killer. Fleeing the church, in her gown, she jumps on her sail boat and dashes off in the middle of a storm. She capsizes and is washed up on Cameron Alexander's island in the Florida Keys.

When she comes to, she finds Alexander's behaviour strange. An exile to his tiny island, he refuses to return her Key West, but says she must wait three months for a supply ship. She escapes by stealing his boat - and surprise - another storm comes up and wrecks her. Cameron comes after her, takes her back to the island. Finally, he agrees to take her to Key West, but then she suddenly decides she wants to stay. Celia goes from storm to hurricane to storm to squall. Each time high tension is needed we face another force of nature. Celia has just gone through one situation with falling in love with a man she does not know, so what does not do, but fall immediately in love with another she does not know either. The writer has great talent with words, so that ability carries to reader to continue turning pages, she just needs to stop opting for the easy way out in plotting.

Kurzbeschreibung IN SAVING CELIA Unconscious and wearing a torn wedding dress, Celia Stevens washed up on the shores of Solitaire and threw Cameron Alexander's peaceful seclusion into complete chaos. Not only did her presence force him to reexamine his reasons for hiding out, but within days the walls around Cameron's hardened heart slowly began to crumble. HE'D SAVED HIMSELF Celia sensed her enigmatic captor had a dangerous past, one she'd be better off not learning. And yet, it was Cameron's tough exterior as well as his tortured soul that made Celia long to spend a lifetime wrapped in his arms. But just as a future together looked possible, the evil that Cameron had feared for six years reared its ugly head, threatening the dreams they had dared to dream.
