KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nothing more than averageVon *040610*Eleonore Fiske, daughter of a family of Newport's "upper 400" seems to attract men only because of her supposed large dowry. She is taller than the young ladys of the peer, very shy and in her forth season she nearly is on the shelf. She always is domineered by her mother, who wants her to marry an impoverished

baron from abroad. Then there is John Bonner, owner of several mines and very rich. Once born in the lowest class, father unknown, mother prostitute, wants to gain the acknowledge of society and to become a member of the "upper 400". So he looks for a suitable bride who will help him to step into society. He finds out that Eleonore's father has a pressing need of money. John offers him a bargain and the father agrees. Eleonore falls in love with John but when she finds out about his real interest she is desperate and cries off the engagement. The story was quite nice but nothing above the average. The heroine is aloof but "Still waters run deep" and so you can enjoy her development. The hero seems to be a little boring beside his tragic past.

Kurzbeschreibung THE BRIDE satisfies the romantic in all of us. Author Christine Dorsey has been called one of the most talented authors of the genre by Romantic Times! John Bonner is tall, dark, handsome and incredibly rich, so why does he buy himself a bride, sight unseen? Eleanor Fiske is the uncomfortably shy daughter of one of the most socially prominent families in Newport, Rhode Island and New York. Her domineering mother plans to marry her off to a British peer before the summer is over. But her father, despite his wealth, found himself in need of a great deal of cash, quickly, and promised his daughter to John Bonner. The Bride reminds us all why we love romance and romances
