Von Mason Powell : The Brig (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Brig (English Edition):

Kurzbeschreibung This classic gay BDSM novel, set near the end of the Viet Nam war, has been out of print for almost 20 years. The Brig is a brutally dark erotic drama of a young sailor confined to a military prison where he is tortured with pain, fear, sexuality, and mind games to force changes in his psyche and break his spirit. The sailor learns things about himself and his captors that will transform him and challenge those who hold him. (M/M)

The Brig is a brutally dark erotic drama of a young sailor confined to a military prison where he is tortured with pain, fear, sexuality, and mind games to force changes in his psyche and break his spirit. The sailor learns things about himself and his captors that will transform him and challenge those who hold him. (M/M)

ber den Autor und weitere Mitwirkende Mason Powell was born on a cable car in San Francisco. His mother was a professional woman; his father was in the Pacific Fleet. He began writing about gay life in the late 1970s, when it was neither fashionable nor commercially feasible. To his surprise, his first novel, *The Brig*, was a runaway success, and achieved quick status as an erotic classic, going through a number of editions and serializations. In 1996 it was made into a film. He currently lives in volcanic territory, on the borders of a geothermal field, under big trees and in the company of a pack of faithful dogs. He is, as of this writing, the author of more than 100 short stories and seven novels. The range of his subject matter is wide, from fantasy and science fiction to the intensely avant garde, with most of it centering on character driven literary fiction.
