Von Katharine Kerr : The Bristling Wood (Deverry) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bristling Wood (Deverry):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fans Of

"Mists of Avalon" Should Not Overlook This Series. Von Ein Kunde After an uneven start in "Daggerspell," Katharine Kerr has continued to build upon and expand the characters and world of Deverry, and with "Bristling Wood," the third book of the octet, has brought her storytelling talents to full maturity. Description, while lacking the depth of a Jordan or Martin, is nonetheless detailed and vivid, characterizations diverse and singular, and the secondary characters have begun to contribute significant roles to the story, greatly enriching the tale. With this volume Kerr's series must begin to be considered as a contender among the few truly notable works of fantasy fiction, and I expectantly look forward to reading the rest of the eight to see if the story fulfills its undeniable promise. Fans of "The Mists of Avalon" would be making a mistake in ignoring celtic Deverry. 0 von 0 Kunden fanden die folgende Rezension hilfreich. amazing Von Dan Dean This was one of the best fantasy novels I have ever read- its funny, I almost stopped after darkspell... That one let me down. But as it turns out, I made a great decision! The only problem I had was that she dove into her best flashback sequence ever in the forging of the silver dagger group, but then she proceeded to leave us hanging.... in the middle of that story she returns to the current story which I found to be less intriguing... and then she never picks up the other story. A huge disappointment! And I may never know because the next book failed to keep my interest after 300 pages of trudging. So close to finishing The Dragon Revenant, and I had to put it down in disgust. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Way better than Darkspell ! Von Ein Kunde This book is full of everything Deverry lovers love and more! Salamander is one of the greatest characters I've ever had the pleasure of reading. This book flows into the sequel and builds up to the climatic final fight. The story keeps getting better and I recommend it to anyone!

Kurzbeschreibung Against the passionate sweep of Deverrian history, the powerful wizard Nevyn has lived for centuries, atoning for the sins he committed in his youth. From Library Journal The war between Light and Darkness in the world of Deverry reaches a critical stage as the Dark Council moves against three people whose fates are linked with the world's destiny. This sequel to Daggerspell and Darkspell continues a complex story of a love triangle that spans time and space as Prince Rhodri of Eldidd, the warrior-woman he loves, and a mage who shares their karmic burden seek to unravel their tragic past. This Celtic-based fantasy is recommended for libraries owning the previous titles.-- JCCopyright 1989 Reed Business Information, Inc. Kurzbeschreibung Against the passionate sweep of Deverrian history, the powerful wizard Nevyn has lived for centuries, atoning for the sins he committed in his youth.
