Von Grace Draven : The Brush of Black Wings (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Brush of Black Wings (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Enjoyable readVon Kachina KatEnjoyed the plot and the way the story developed. Always appreciate a book that I can visualise the scenes, background, etc. Good read1 von 1 Kunden fanden die folgende Rezension hilfreich. The return of the Master of Crows isn't as spectacular as his emergence in the first bookVon MinaNote: this is the sequel of Master of Crows and without knowledge of the characters and how they came to be who and where they are now, the

present book lacks important bits and pieces. So, if you haven't read Master of Crows, I'd do that now and stop reading here. Review Grace Draven made her readers wait quite some time to meet again with Silhara of Neith and his former apprentice and current wife Martise. They were fabulous as characters in the first book and thankfully, their magic is still there in A Brush of Black Wings. A few years have passed since Silhara destroyed the god Corruption with Martise's help and they now live the life they earned with their sacrifices. They still live in the Crow Mage's Tower, grow oranges and share their lives with Gurn and the magefinder Cael. That is, life is peaceful until Martise's power unwittingly awakens some demonic power in an old ruin and said power is keen on catching her to use her power to get free. Not wanting to spoil anything, I reduce my information to telling you that Silhara gets his chance to show just how much he loves his wife and if you've read G. Draven's Radiance, you'll be delighted to see the worlds merge in some ingenious way. That was done pretty cool. Silhara and Martise are still cool protagonists and I liked that they stay true to characters. But the rather short book isn't what Master of Crows is. Firstly the short plot doesn't allow that much emotional depth and although I was riveted by Silhara's attempts to make his wife safe, I wasn't all that emotionally drawn. Not as much as with the first book. I know that the stakes are high, but I don't feel it, if you get my meaning. But if you liked Master of Crows, I recommend to read the book and the end is a bit open and hinting at some future continuation. And although I don't like the proverbial looming shadow at the end, I do hope that there will be more of the Master of Crows and his wife.

Netter Zusatz zu "Master of Crows" Von Misato Dieses Buch würde ich nicht als Stand-Alone sehen, sondern als Zusatz, als "Zuckerl" zum Hauptbuch "Master of Crows". Man sollte dieses zuerst gelesen haben und wenn man dann wünscht nochmals in diese Welt abzutauchen, dann ist "The Brush of Black Wings" eine nette, spannende und abrundende Zugabe. Gewohnt glaubwürdig argieren die Hauptcharaktere in ihren bereits gezeichneten und gefestigten Rollen. Ganz toll!

Kurzbeschreibung~The novella-length sequel to MASTER OF CROWS.~During a foray into the woods of Neith, Martise stumbles upon a ruined temple and reawakens not only a power she thought lost, but also something far more malevolent. An ancient darkness, imprisoned in an eternal cage, sees a chance at freedom in a woman once held in bondage. Desperate to save her, the Master of Crows will break the barriers of time and worlds to challenge an entity born of forgotten magic and the remnants of souls--a demon king who once led hordes of the damned across the face of the world. The destroyer of gods will battle the destroyer of men to reclaim his wife and discover a truth the keepers of history once conspired to conceal. A tale of revelation and redemption.
