Von Detra Fitch "Angel" washed up on the beach of Santa Cristo. She had two bullets in her back and had spent hours in the ocean during one of the worst storms of the year. A local found her in the early dawn and nursed her unexpected guest back to life. Angel could not remember what had happened to her. She could not even recall her own name. However, she discovered that she had a familiarity with weapons, Dim-Mak combat and assassination techniques, and was fluent in at least six languages. Whoever had tried to kill her came back to finish the job. When he failed, another came. The assassins had one thing in common. Each had a small tattoo, an intricately detailed image of Pegasus - just like the one on her ankle. Angel made herself disappear. Six years pass. She is now Sheriff Rianna "Ria" Kingsley of Tripolo, Alabama, newly appointed. Ria keeps people at a distance. She has no real friends. The only person in the world who knows that she is not what she seems to be is Benny, and they have never met face-to-face. Benny has never asked questions. For that, Ria has made his bank account grow. It was Benny that made her new identity. He is a computer genius. The best "cracker" she has ever found. Only six weeks into her new career and the local county commissioner is patting his own back for hiring Ria. The new sheriff has busted more drug rings and dealers than any before her. Jake Tarrance owns a restaurant in a nearby county. It is one of the few legal businesses he has. Most of his income is obtained outside the law, but there is never any proof. Jake has eyes and ears everywhere, including within the nearby prison walls. Ria dines there one night because it is outside her jurisdiction and no one knows who she is. She can be alone. Of course, Ria and Jake are instantly attracted and neither knows the occupation of the other. They find out too late. Their relationship might have ended there, except Ria finds another lead on the tattoo. A lead that might finally tell her who she was over six years ago and what happened that stormy night long ago. Yet by following the tattoo lead, Ria would lead the group of assassins right to her door. ***** Once you begin reading this book, you will not be able to pull yourself away. The suspense begins on page one and continues until the last page has been turned. The best thing you can do is to order out for pizza and tell your family not to bother you unless the house is burning down. Only then should you get comfortable and open to page one. Otherwise you will snappish every time something interrupts your reading, your mind on nothing but getting back to the book. Yes, Readers, this story is THAT good! Highly recommended reading! ***** Reviewed by Detra Fitch of Huntress Reviews.

KurzbeschreibungA WOMAN WITHOUT A PASTShe didn't know her name, didn't know her nationality. The newly manufactured "Rianna Kingsley" only knew that her martial-arts skills and weaponry and assassination techniques went far beyond the average person's. A MARK THAT BECAME A DEATH WARRANTThe men who'd tried to assassinate her all shared one common trait: a tattoo of a winged horse, exactly like the one on her ankle. Where had it come from and what did it mean to her survival? A MAN WHO WAS MORE THAN A STRANGERIt was dangerous for Rianna to share too much with anyone much less the criminal hired to kill her but she couldn't resist Jake Tarrance's arms, his bed. With her shadowy past hot on her heels, would Rianna's business with Jake be passionate or deadly? KurzbeschreibungA WOMAN WITHOUT A PASTShe didn't know her name, didn't know her nationality.
