A story unlikeVon Pernille OstergaardWhen I started reading this book I was not sure what to expect. I was very into normal Chick lit at the time and I thought that this book would be as the others. But it wasn't. It was more that I expected and

it was different. The idea behind the story is moving and amazingly clever. I could not put it down. On my all time top 3 this book is a sure fire 3. I have started talking all my friends into reading it and they all love it too. How can you not? The California Club is well written and very funny. But it has more than just humor. The insight into all the women (and man) leaves you feeling that you know all of them and have done so for a very long time. Buy it and read it. You will not regret it.

Von MissGoWest Lara has four best friends - Helen who now lives and works in California, Sasha, a beautiful ex model, Zo, who lives life to its fullest, and Elliot whom she has secretly loved for many years. Now Lara and her friends plan a two-week-vacation and reunion with Helen in sunny California. Everything would be perfect if only there wasn't Elliot's fiance Elise. When Helen tells her old gang about the California Club which can make dreams come true, the friends decide to go for it. In the following days they are in for quite a few adventures, but will Lara's secret wish of Elliot realizing that he really loves her come true?

Belinda Jones writes entertaining chick lit for sure. In "The California Club" she tells about a circle of friends from her protagonist Lara's perspective. The fluffy story and easy-going style of writing make the reader turn the pages quickly until the satisfying end. As she did in "Divas Las Vegas," Jones throws in various names from popular culture. Thus the characters as well as the storyline itself become even more real. "The California Club" is entertaining fluff which most chick lit lovers will devour quickly and with delight.

Schnitzer Ein sehr lustiges unterhaltsames Sommerbuch ber 4 Freundinnen und einen Mann (und dessen Verlobte), die nach Kalifornien eingeladen werden und denen "eine gute Fee" (in Form des "California Clubs) verspricht, einen besonderen, langgehegten Wunsch zu erfüllen. Einziger Wermutstropfen: das allzu voraussehbare Ende.

Kurzbeschreibung When Lara Richards jets off to glamorous California, the last thing she's expecting is to find her old friend Helen transformed from a clipboard-clasping frump into a shimmering surf goddess. The secret of her blissful new life? The mysterious California Club. So the offer of guest membership - one wish, guaranteed to come true by the end of their stay is one Lara and her friends can't resist. Could this be Lara's chance to win her best friend Elliot's heart after ten years of longing? Or does the fact that he's travelling with his brand new fiance mean that Lara will have to come up with a new dream...?
