Mittelmige erotische FortsetzungsgeschichteVon Vio"The Captured Spy (Treason and Fealty)" ist der zweite Teil der

kurzen Geschichte, in welcher es um Lord Asher of Kaldstein, einen Knigssohn geht, der seiner Gefangenen Eva verflht. Als Eva exekutiert werden soll, befreit er sie, doch Eva hat eine, nennen wir es mal "seltsame", Art, ihrem Retter zu danken. Nachdem ich den ersten Teil dieser Geschichte gelesen habe, wollte ich gerne wissen, wie es weitergeht. Der nicht eben gnstige Preis fr diesen rund 20-seitigen Story-Teil hat mich bisher allerdings vom Kauf abgehalten. Da ich mich nach Ingerem Nachdenken dazu entschieden habe, "Kindle Unlimited" auszuprobieren, habe ich mir die anderen beiden Teile doch heruntergeladen. Leider ist die Geschichte aus meiner Sicht nicht besser geworden. Hauptsächlich geht es um Erotik, woran ich an und fr sich nichts auszusetzen habe, aber ich finde, dass die Autorin Gwendolyn Wilde das Potential dieser Geschichte verschenkt hat, da der Plot einfach mehr versprochen hat, als die Buchteile letztendlich geliefert haben. Ein weiteres Problem ist der Preis, der mit derzeit 2,68 pro rund 20-seitigem Teil viel zu hoch angesetzt ist. Das Positive: Die Kurzgeschichte ist stilistisch relativ einfach geschrieben, die Hauptprotagonisten waren sympathisch und ihre Beweggrnde verstndlich.

KurzbeschreibungWarning: this is an erotic fantasy short story, containing descriptions of bondage, rough sex, orgasm denial, and dominance, and is for adult readers only. The girl is beautiful, defiant and a spy. She won't even tell him her name, but Asher is determined to claim her for his own. Even if it means treason, even if it means breaking her out of the castle dungeon and stealing her away into the night. Excerpt from The Captured Spy Part II: She had to stretch to meet my lips, but she obeyed. I turned, hardly watching the path, consumed with the feel of her warm lips and the tightening clasp of her arms around my waist. I played my tongue along the edges of her mouth, then plunged it through her lips. My hips mirrored the thrust, and I must have dug my heels into the horse's flanks, because it bolted. I tore my mouth away, pulling at the reins to regain control. You should concentrate. Eva said. Her breath warmed my neck. Don't tell your lord what to do. I grunted. But she was right. I had to look ahead, to pay attention to the pace of my mount. I missed her mouth on mine the instant it left. But her arms were still around me, and her hand stroked at my stomach. Soon she slid her hand down, sweeping it over my thigh. My skin quickened under her touch. Her soft groping wandered lower still. She brushed my crotch, feeling my salute through the constrictive leather of my pants. Don't let me distract you. She purred.
