Von J. K. Rowling : The Casual Vacancy (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Casual Vacancy (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Ungewohnt - aber wirklich klasse!Von DoctorWerFalls es Zweifel gab, hat Rowling mit diesem Buch auf jeden Fall endgltig bewiesen, dass sie nicht nur Kinder-/Fantasy-Bcher schreiben kann. Wer nur ihre HP-Reihe kennt, fr den ist

es vielleicht ungewohnt, aber nicht weniger fesselnd. Kein Buch zum Einkuscheln, sondern zum Nachdenken. Auch nach dem Lesen lässt es einen durch seinen Realismus nicht los. Das Buch ist eher eine dunkle Satire, in der man aber bis zum Ende (und gerade am Ende!) mitfiebert. Typisch für Rowling sind die Charaktere sehr real und glaubwürdig und man hofft beim Lesen wirklich, dass jeder am Ende bekommt, was er verdient. 0 von 0 Kunden fanden die folgende Rezension hilfreich. great writing Von e m This is not a light read, it's a social drama with a quite sad ending yet also showing some hope. It's a good social study showing the vicious circle of society some people encounter. It focuses on problems in the family and in society. They all struggle in some way or behave badly in one way or another. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Tragic, dark, very well written Von Navtaq Is there anything JKR cannot write about? It's a tragic novel that deals with all subject you won't find it kid's novels - drugs, abuse, politics. It's heart wrenching at some instances and incredibly funny at others. Recommended.

Kurzbeschreibung When Barry Fairbrother dies in his early forties, the town of Pagford is left in shock. Pagford is, seemingly, an English idyll, with a cobbled market square and an ancient abbey, but what lies behind the pretty facade is a town at war. Rich at war with poor, teenagers at war with their parents, wives at war with their husbands, teachers at war with their pupils. . . Pagford is not what it first seems. And the empty seat left by Barry on the parish council soon becomes the catalyst for the biggest war the town has yet seen. Who will triumph in an election fraught with passion, duplicity and unexpected revelations? A big novel about a small town, **THE CASUAL VACANCY** is J.K. Rowling's first novel for adults. It is the work of a storyteller like no other. **Pressestimmen** This is a wonderful novel. JK Rowling's skills as a storyteller are on a par with RL Stevenson, Conan Doyle and PD James. Here, they are combined with her ability to create memorable and moving characters to produce a state-of-England novel driven by tenderness and fury Melvyn Bragg, *The Observer* A needle-sharp and darkly comic expose of today's class-ridden society ... A highly readable morality tale for our times Emma Lee-Potter, *Daily Express* The Casual Vacancy is a stunning, brilliant, outrageously gripping and entertaining evocation of British society today. [J.K. Rowling] has done a rather brave thing and pulled it off magnificently Henry Sutton, *The Mirror* One marvels at the skill with which Rowling weaves such vivid characters in and out of each other's lives Christopher Brookmyre, *The Daily Telegraph* Heartbreaking - turning the page seems unbearable, but not as much as putting down the book would be Deepti Hajela, *Associated Press* An exquisite and occasionally moving black comedy ... The acid test - I suspect it would do well even if its author's name weren't J.K. Rowling David Robinson, *Scotsman* A big, ambitious, brilliant, profane, funny, deeply upsetting and magnificently eloquent novel of contemporary England ... This is a deeply moving book by somebody who understands both human beings and novels very, very deeply Lev Grossman, *Time Magazine* Insightful, meaningful, daring and resolutely challenging to tabloid assumptions regarding the moral worth of individuals Scotland on Sunday The action bowls along compellingly, most of the characters are vividly drawn and there are some sharp - often very sharp - observations about their social pretensions ... a bold and distinctive effort The Sunday Telegraph This is a novel of insight and skill, deftly drawn and, at the end, cleverly pulled together. It plays to her strengths as a storyteller The Economist The Casual Vacancy is a brilliant novel, entertaining, intelligent, moving, passionate and hard-hitting; touching on familiar subjects but approaching them with great originality and skill. Moreover, it's unputdownable ... The novel is a triumph Irish Times **Werbetext** The first adult novel by J.K. Rowling
