RED!Von Ein KundeI really think that Lillian Jackson Braun enjoys the color red.This is the second book of hers that I have read, and the plot thickened because of the color red!This was a great book. I loved it so much it took me two days to read! VanBrook is a mean principal and director with many mysteries. When he is found dead in Qwill's apple orchard, shot in the back of the head, it takes Qwill's brilliant sleuthing (and a little help from Koko and Yum Yum) to uncover this Man of Mystery's secret murderer!This book takes you on a dectective's delight through rabbits, horses, cardinals, and, of course, cats. I suggest you read this wonderful book!1 von 1 Kunden fanden die folgende Rezension hilfreich. This is one of Lilian Jackson Braun's best books!Von Mandy PhillipsI like this book because you would

never suspect who the killer actually is. It was exciting all the way through the book. Now since I've read this book I'm thinking about reading all the other Cat Who mysteries.0 von 0 Kunden fanden die folgende Rezension hilfreich. RED BIRD, RED BEARD, RED JELLY BEANS! Von Ein Kunde This twelfth "Cat Who ..." mystery is terrific. I've read them all from the first and they keep getting better. I was really impressed with this one. Good characters, interesting plot twists. But I definitely wouldn't want to live in Moose County - they must have a really high murder rate since Qwill moved in!!!

Kurzbeschreibung All the world's a stage--and now Jim Qwilleran's apple orchard has become the stage--for a real-life murder scene. The much-disliked director of the Pickax Theatre Club's Shakespeare production, Hilary van Brook, is found dead after the closing-night cast party...and with the help of his super-smart siamese, Qwill must cast a suspicious eye on all the players--especially the ones pussyfooting around behind the scenes...From Publishers Weekly Retired journalist Jim Qwilleran and his Siamese cats solve a high school principal's murder. Copyright 1992 Reed Business Information, Inc. From School Library Journal YA-- Koko and Yum Yum cavort again, this time to help Qwill solve the puzzling, untimely deaths at their new home, a cavernous barn complete with picture windows from which the two cats watch the neighborhood birds. This highly entertaining novel is sure to please all who want a light mystery. Cat lovers particularly will enjoy the antics of the feline heroes, while others will appreciate the creative solution that grows out of seemingly unrelated clues. Qwill, a semi-retired newspaper writer, is owned by the cats and provides needed assistance as a sleuth. Relaxed, rural America is well drawn (except for the number of murders it has had since the series moved to this locale) and provides a delightful setting in this amusing romp that's perhaps Braun's best. --Claudia Moore, W.
