After reading hardcore mystery novels this book is refreshinVon Ein KundeThe cats in this book are hysterical. I've been reading hardcore mystery novels from artists like John Grisham. This is a refreshing approach and since I'm a cat lover this book is great. I've ordered two more of her novels today from .Com. Great plot! I went to the book store in search of a mystery novel about cats that my Uncle in WV had told me about. I found two different artists, Ms. Braun and Rita Mae Brown mystery books with cats. Both are great reads and completely different.1 von 1 Kunden fanden die folgende Rezension hilfreich. Great for mystery and cat lovers alike!Von Ein KundeThis was, by far, a very good book, maybe the best in the series! I compliment Lilian Jackson Braun on her great work with not just this book, but

the whole series. Some people have said that this book lacks humor, the cats, and other stuff, but it's exactly the opposite. There is lots of humor, especially when Koko starts the riot at the cheese tasting and tries to eat all the cheese :) If you haven't read this, you don't know what you're missing. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Entertaining, and the cats don't talk! Von Ein Kunde I had seen this cat series around, but never read it, because I (wrongly) assumed that cats talked in the books, and that just wasn't my cup of tea. I was extremely pleasantly surprised when I read this newest entry and found myself enjoying a very entertaining murder mystery. The cats are pets, and their owner talks to them, but the cats DEFINITELY don't carry on a conversation. it's kind of what you think your own pets might be thinking--he ascribes them with the insight of dropping clues to the mystery. I found myself trying to figure out what town in Michigan this series takes place, and that is another entertaining part of the book. All in all a fun, entertaining read--I've since read three more books in the series. They are somewhat addictive

Kurzbeschreibung Everything smells in Pickax when a killer invades the Great Food Expo. Luckily, Qwill is on the scene, his mustache twitching with suspicions. In her 18th Cat Who... mystery, best selling author Lilian Jackson Braun sends Qwill and the cats on a trail that will demand all their feline intuition and mustachioed insight..deIt's autumn in the little town of Pickax, Moose County, and the citizens are preparing for a new event: the Great Food Expo. A philanthropic creation of the Klingenschoen Foundation (a.k.a. Jack Qwilleran), the Expo was arranged to bring new restaurants, inns, and food specialty shops to the area. The great event is only a week away when a bomb goes off in the only hotel in town, killing a housekeeper. Luckily for Pickax, Qwilleran and his two sleuthing felines, Koko and Yum Yum, are on the case. Thrown into the melee are several new characters, including a mysterious woman, a gentle beekeeper, and the woman who wins a date with Qwilleran at a celebrity auction--although cheese seems to be the main character.
