Von Lilian Jackson Braun : The Cat Who Wasn't There (Cat Who...) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cat Who Wasn't There (Cat Who...):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Moose County meets Scottish HighlandsVon Silvia GroniewiczThis is part of the "The Cat Who..." mystery series. The main character is a rich journalist called Qwilleran who lives with his two Siamese cats Koko and Yum-Yum in a small town somewhere up North. With the help of the magnificent Koko and his own beard that twitches when something is off, Qwilleran finds the solutiton to every case that comes across. In this specific novel a group of people go on a trip to Scotland, when someone dies. Was it a natural death? Murder? Or something else? With the help of Koko this case will be solved of course :) It's a cute mystery novel, with likable characters. The writing is somewhat old-fashioned, but that's quite fitting. It's not like I have to run out and buy another novel in that series, but if I come across one, I'll

surely read it. Three out of five stars.0 von 0 Kunden fanden die folgende Rezension hilfreich. Another charming and enchanting tale. Von Helen Lilian Jackson Braun has the talent of bringing a wholly and undoubtedly fictional scenario (I mean there can be no place on earth like Pickax!) to life with warmth, yet some sharpness. The characters and their doings, throughout this series, are more important than the crime and its final solution by Qwill and/or the cats. A lovely, heart-warming read always.0 von 0 Kunden fanden die folgende Rezension hilfreich. Entertaining! Von Ein Kunde I love all of Lillian Jackson Braun's "The Cat Who...Books" I am a great dog and cat lover AND a mystery lover. A friend recommended her books. Last Month while in a new book store, I came across her titles. I brought all six paperbacks in stock. After almost completing them...I was addicted. I went back and ordered all the "Cat Who...." Books. I love them. I am down to the last three. I finished today "The Cat who went to Breakfast" and I have already read the next, "The Cat Who Blew the Whistle". I start the next book this evening. I am glad I didn't start these books years ago or I would go nuts waiting for the next one. I recommend them for all mystery, and pet lovers. (I have dozens of cats and dogs I adore and now want a Siamese.) Although KoKo would be too smart for me! Start today. Order them all and read them all start to finish. You will not regret it.!

Kurzbeschreibung Qwill's on his way to Scotland--and on his way to solving another purr-plexing mystery. But this time Koko's nowhere the scene of the crime. He and Yum Yum are back in Pickax being coddled by a catsitter...but Koko won't sit still once Qwill's traveling party returns--minus one member. He's behaving oddly, and Qwill knows what that means: Koko may have been miles away from the murder scene, but he's just a whisker away from cracking the case! From Publishers Weekly Pickax City columnist and wealthy bachelor Jim Qwilleran travels to Scotland, leaving his Siamese cats Koko and Yum Yum at home, in one of the most lively recent entries in Braun's popular "The Cat Who . . ." series. Also on the Bonnie Scots Tour are Qwill's current woman friend, Polly Duncan, the Moose County librarian; and his recently returned former girlfriend, Dr. Melinda Goodwinter, who proposes marriage. Tour leader Irma Hasselrich (a friend of Polly's and a patient of Melinda's) dies of apparently natural causes; then a jewel case and the tour-bus driver disappear. Qwill, Polly and Melinda decamp the tour early; back in Pickax City, listening to tape recordings he made along the way--and to Koko's intuitive yowls--Qwill begins to suspect that Irma was murdered. Convincing others, however, takes time and an investigation. Although the cats play a smaller role in this installment than in previous ones, Braun's descriptions of Scottish lore and the complications of Qwill's love life will enchant fans. Mystery Guild selection; Literary Guild and Doubleday Book Club alternates; audio rights to Dove. Copyright 1992 Reed Business Information, Inc. From Kirkus s The 15th outing for Pickax City newspaper pundit and zillionaire Jim Qwilleran and his Siamese housemates, Koko and Yum Yum, travels from Moose County to Hibernia and back again as it dwells on Qwill's Scottish ancestry; the identity of the prowler sniffing around his lover, Polly the librarian; and the attempts of his former lover, Melinda, to rekindle their romance (with dire results) while on a Highland Tour with them and 13 other Pickax friends. The friends include the teddy-bear-collecting Chisholm sisters; cranky, outspoken Amanda Goodwinter (who ``drank a little"); several stalwarts of Pickax's little theater group; and pushy tour-guide Irma Hasselrich, who disrupts everyone's holiday by dying in bed--from unnatural causes. Nice scenery, interesting historical tidbits, and far-fetched--in fact, farcical--motivation for murder, but die-hards and readers new to the series will have a rare glimpse of Qwill and Koko behaving most ungentlemanly-like toward the ladies. -- Copyright 1992, Kirkus Associates, LP.
