Von Robert Ludlum : The Chancellor Manuscript (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Chancellor Manuscript (English Edition):

This book will leave you wonderingVon Melvin HuntIn the years after Hoover's death the secret started coming forth. Many individuals had been covered by J. Edgar Hoover and his secret files. That notion made this book all the more believable Inver Brass in this very entertaining book decided to eliminate Hoover and the threat of his secret files. It

became evident that not all of the files had been captured. People all over the country started getting blackmailed and some killed. Then members of Inver Brass started getting assassinated. The guilty party shocked me beyond belief. This book along with *Holcroft Covenant* are the best that Ludlum has done. Be sure to buy this book and read it. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Great reading. Von Ein Kunde. A terrific thriller, Ludlum in top form. This is back in the days when his intricate plots made sense and fit like a glove. He also kept the page count down in this one, never padding the book, and never veering into unnecessary sidetracks (like *ICARUS AGENDA*'s 100+ page prologue!) I can't see a thriller fan not loving this book, nor failing to appreciate the brilliant device Ludlum uses to get the action going. If you've never read Ludlum, this is a great place to start. 1 von 1 Kunden fanden die folgende Rezension hilfreich. NOT HIS BEST, BUT NOT BAD.... Von Jeffrey Roberts. AS I FIND WITH MANY OF LUDLUM'S NOVELS, GOOD STORY THAT TWISTS, BUT IS SOMETIMES HARD TO FOLLOW. THE BOOKS GETS PROGRESSIVELY BETTER AND I LIKED THE STORY.

Kurzbeschreibung Inver Brass: a group of high-minded and high-placed intellectuals. They see a monstrous threat to the country in Hoover's unethical use of his scandal-ridden private files. And so they decide to do away with him - quietly, efficiently, with no hint of impropriety. Until bestselling thriller writer Peter Chancellor stumbles onto information that makes his previous books look like harmless fairy tales. Now Chancellor and Inver Brass are on a deadly collision course, spiralling across the globe in an ever-widening arc of violence and terror. They are hurtling towards a showdown that will rip Washington's intelligence community apart, leaving only one damning document to survive: *The Chancellor Manuscript*... *Pressestimmen* "Exerts a riveting appeal, as it seems to justify our worst nightmares of what really goes on in the so-called intelligence community in Washington." *New York Times Book* From the Paperback edition. **Werbetext** Did J. Edgar Hoover die a natural death - or was he murdered? A top-notch thriller from the No. 1 bestselling author Robert Ludlum.
