**Von Liriel Saarinen : The Change (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Change (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. not recommended Von greenbaron I knew from the description that the story will be pure fantasy and surreal. While I've read other stories with similar topics, also erotic novels and "Choose your path stories" - this one is just stupid. The

book is neither erotic - it's more like a cheap porno - nor is it well written or gives you the feeling to control the story. Every path you pick technically leads to the same end (I'm not telling more for spoilers). Page One promises 25 different endings, I've stopped after ten, one path finishes quick enough and is not much different from another. If you are not reading as Kindle unlimited but have to pay the full price (like I had to), then I would not recommend it. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Gute Story Von Mike Kozlowski Nur ein wenig zu kurz. Aber ansonsten macht es Spaß zu lesen. Kann ich nur weiter empfehlen. Bitte mehr davon.

**Kurzbeschreibung** A tale of dark fantasy and transformation. Alice finds herself in a world gone mad, a world where some strange force is at work transforming women, all women, everywhere. You are in control. You choose her path through this dark mirror of our world as she struggles against the terrible forces fighting to alter her, to claim her. What will happen to her? Who and what will she become? In the end that is up to you. Written using Inklewriter's interactive story creation software, this massive and sprawling story encompasses twenty five thousand words, hundreds of branches, and over 24 different endings. Including one secret hidden ending for those with the luck or determination to find it. I hope you enjoy this first foray into the world of self guided fiction. The story is what you make of it. I hope you find it entertaining, and arousing. This story contains themes of breast expansion and enslavement, mind control, bimbofication, iq reduction, obsession, slutty behaviour, animalistic behaviour and needs, and a wide variety of those things some people may find offensive.
