Von Peter May : The Chessmen (The Lewis Trilogy Book 3) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Chessmen (The Lewis Trilogy Book 3) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. End of the trilogy ? Von Hans What a pity the trilogy apparently comes to an end !? I could read on and on about the harsh life and the fascinating twists on Lewis Island. My wife and I are so thrilled that we decided to do an extensive drive up to

Scotland next year and take in all the ferry boat rides across to Lewis, Skye etc.4 von 4 Kunden fanden die folgende Rezension hilfreich. spannend und interessant Von antoniagefüllt mir sehr. Hohe Qualitt. beschreibt sehr gut die Menschen und das Umfeld in dem sie leben. Viel Historisches ber die Insel und ihre Brauchtum. Viel mehr als nur ein Krimi5 von 5 Kunden fanden die folgende Rezension hilfreich. The Outer Hebrides (Scottish Gaelic: Na h-Eileanan Siar) ... Von Miki101. Micha ... are one of the most remote places on our globe. And a perfect setting for crimes, especially those which happened a long, long time ago. And bound together a group of young Lewis and Harris islanders for almost 20 years. But Fin Macleod, ex-police officer is now the head of security on a privately owned Lewis estate, and is charged with investigating a spate of illegal game-hunting and salmon-fishing taking place on the island. His new job mission reunites him with Whistler Macaskill - a local poacher, one of Fin's teenage best friends, who also saved his life twice. But Whistler also is a part of only a few persons knowing a long-buried, bloody secret. But when this reunion takes a fatal turn, Fin puts together all the pieces of the past, and he realizes that revealing the whole truth could destroy the future of a lot of Lewis islanders. But when the first body surfaces, it is only the stone that sets off an avalanche of cruelty, violence and murder. Fin who has left the Police forces after the events that happened in the first book of the Lewis trilogy The Blackhouse (Lewis Trilogy), and solved a few local murder cases in The Lewis Man (Lewis Trilogy), will apply all his experience to solve all the mysteries. For lovers of the stormy islands in the north of Scotland and their customs and traditions this book is a must-read. It is full of mysteries and crimes and has really a breathtaking finish. I can only hope that Peter May changes his mind and continues the series... :)

Kurzbeschreibung THE NAIL-BITING FINAL CHAPTER IN THE LEWIS TRILOGY, FROM THE SUNDAY TIMES BESTSELLING AUTHOR OF COFFIN ROAD. THE NEW START Fin Macleod, now head of security on a privately owned Lewis estate, is charged with investigating a spate of illegal game-hunting taking place on the island. THE OLD FRIEND This mission reunites him with Whistler Macaskill - a local poacher, Fin's teenage intimate, and possessor of a long-buried secret. THE FINAL CHAPTER But when this reunion takes a violent, sinister turn and Fin puts together the fractured pieces of the past, he realizes that revealing the truth could destroy the future. Pressestimmen "altogether magical" "Kirkus s""[an] accomplished trilogy . . . The influence of a hidebound church is all-pervasive and all-stultifying. But this is only part of the rich texture with which May has invested these books, elevating them above most contemporary crime fiction . . . "The Chessmen" draws together the fascinating elements of the earlier books . . . Although all three books may be read as standalones, their cumulative effect is more powerful. This is the sort of novel that will have the reader relishing every the tendency of description and characterisation. The history and folklore of the Hebridean islands are the integuments of the book, and The Chessmen offers an almost visceral experience: we, too, are walking these windy cliffs and peat bogs with Fin. Readers will find it hard to say goodbye to him, but we have to admire May for sticking to his vision of a perfectly-formed trilogy." Barry Forshaw, "The Independent""The Chessmen is well up to the high standard of its two predecessors: tightly plotted, with no skimping on either the nuances of character or the wonderfully evocative descriptions of rugged island landscapes that have made these books a true pleasure to read." "The Guardian""a great example of visual storytelling and a tight plot." "The Daily Record""incredible . . . the series has become as store favorite, and this concluding volume makes for a perfect end-cap. This series deserves to be read. "The Mysterious Bookshop""Poetic . . . the atmosphere is altogether magical."--Kirkus s"May brings his acclaimed Lewis trilogy to a close with a novel that is both wrenching and hopeful . . . an utterly absorbing mystery."--Booklist (Starred)"Peter May is a writer I'd follow to the ends of the earth."--Marilyn Stasio, The New York Times "[An] accomplished trilogy . . . The influence of a hidebound church is all-pervasive and all-stultifying. But this is only part of the rich texture with which May has invested these books, elevating them above most contemporary crime fiction . . . The Chessmen draws together the fascinating elements of the earlier books . . . Although all three books may be read as standalones, their cumulative effect is more powerful. This is the sort of novel that will have the reader relishing every the tendency of description and characterisation. The history and folklore of the Hebridean islands are the integuments of the book, and The Chessmen offers an almost visceral experience: we, too, are walking these windy cliffs and peat bogs with Fin. Readers will find it hard to say goodbye to him, but we have to admire May for sticking to his vision of a perfectly-formed trilogy."--Barry Forshaw, The Independent "The Chessmen is well up to the high standard of its two predecessors: tightly plotted, with no skimping on either the nuances of character or the wonderfully evocative descriptions of rugged island landscapes that have made these books a true pleasure to read."--The Guardian "It is that setting which anchors Glasgow-born Peter May's The Chessmen, the third in his trilogy following Fin Macleod, a detective for whom the pull of his homeland, Lewis, is too powerful to resist . . . vivid and poignant."--The Scotsman "A great example of visual storytelling and a tight plot."--The Daily Record "This intriguing story alternates between the present, the past, and the distant past, skillfully introducing all of the characters and motives that will play an integral part in the solution of the mysteries. It is powerfully written, both in the descriptions of the barren

landscape and the complicated and constantly changing relationships of the primary people involved."--Mystery Scene Magazine "Incredible . . . the series has become a store favorite, and this concluding volume makes for a perfect end-cap. This series deserves to be read."--The Mysterious Bookshop "[A] stunning trilogy . . . a poignant study of trust, truth and regrets."--Adam Woog, The Seattle Times "Another riveting read that is a 'must' for the legions of Peter May fans . . . Very highly recommended."--Midwest Book Werbetext The third and final part of the internationally bestselling Lewis Trilogy.
