Wonder how Jenny Cooper will deal with the restructuring of the British coroners' system. Kurzbeschreibung The fifth thrilling installment in Matthew Hall's gripping and twice CWA Gold Dagger shortlisted Coroner Jenny Cooper series. An unlikely suicide or a deadly conspiracy? When Bristol Coroner Jenny Cooper investigates the fatal plunge of a man from a motorway bridge, she little suspects that it has any connection with the sudden death of a friend's thirteen year old daughter from a deadly strain of meningitis. But as Jenny pieces together the dead man's last days, she's drawn into a mystery whose dark ripples stretch across continents and back through decades. In an investigation which will take her into the sinister realms of unbridled human ambition and corrupt scientific endeavour, Jenny is soon forced to risk the love and lives of those closest to her, as a deadly race to uncover the truth begins . . .

The Chosen Dead is followed by the sixth novel in the Coroner Jenny Cooper series, **The Burning**. **Pressestimmen** Hall shows with aplomb that a coroner is just as able to become a detective (and, in this case, advance into the world of spooks) as the forensic pathologists of Patricia Cornwell and Kathy Reichs (Sunday Times). Hall has created a wonderful heroine in a genre we haven't seen before (Lynda La Plante).
