KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Really touching StoryVon 1D82 ManyWhat a super story for anytime not just the Festive season!Our fabulous hero is new in town, outwardly confident but emotionally scarred from his early abandonment and adjusting slowly to his new found family life. Our Heroine has been abused for years but is now free from fear. Can she trust her heart to this new man

who's clearly more than a little interested in her? Together they must win the trust and love of their extra special Christmas gift. Ms. Taylor has written a beautiful story filled with love and tenderness. Staying true to her usual surefire format, the story focusses totally on the two main characters with very few distractions from other less important people. I love the intense interaction and was left with a warm glow of contentment as the characters grew into their new roles. An excellent read.
