Kurzbeschreibung An eleven-year-old has discovered a secret that not even an adult should know. From the master thriller writer. A US State Senator is dead, and Mark Sway is the only one who knows where the body is hidden. The FBI want him to tell them where it is, at whatever cost to Mark and his family. The killer wants him silenced forever. Reggie Love has been practising law for less than five years. Only she can save Mark from these twin threats. Together they must take on the might of the State and the wiles of a cold-blooded killer. .de With her sparkling voice and superb acting ability, Blair Brown gives an impressive reading of this John Grisham blockbuster. The story hinges on a young boy who gets an unwanted earful of murder, politics--and dangerous secrets about both--from a conscience-stricken mob lawyer bent on suicide. "I can tell you where the body is... the most notorious undiscovered corpse of our time." Just the kind of information most children don't need, especially when the snakeskin-wearing hit man finds out what he knows. Aside from musical cues scattered as superfluously as laugh tracks on a sitcom, the production quality is stellar, preserving the crispness of Blair's voice and the nuances of her excellent interpretation.
